

A Seminar and survey on 'Esthetic Perception of the Smile' by Dr. Kiran Kumar P, Department of Orthodontics and Dento facial Orthopedics, Sharavathi Dental and Hospital Shivamogga on 16.08.2017.

A seminar and survey was conducted for the BBA students of PESIAMS by Dr. Kiran Kumar P on understanding importance of smile and dental impact on smile. Students were given hands on experience in terms of survey and video visuals understanding importance of orthodontics. Dr. Kiran also gave input about how facial esthetics has become an indicator of social value. The smile is an important aspect of facial esthetics. Therefore, many orthodontists are incorporating facial esthetics into their treatment to achieve a beautiful and youthful smile.

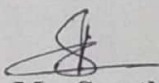

Students participated in a survey programme which comprised of questions on face, smile and dental areas.
