Dear Sir

Sub: Submission of Feedback on Curriculum for consideration – Reg.

We are happy to introduce ourselves as PES Institute of Advanced Management Studies under PES Trust (R), Shivamogga, established in the year 2008 with BBM Course and now having BBA, B. Com, BCA, B.Sc (Physics, Mathematics and Computer Science) and PG Program in Commerce (M.Com). On 5th October, 2021 we are accredited by NAAC with 'A' Grade and we are supposed to submit the AQAR (Annual Quality Assurance Report) from June 2020 to December 2021. Hence, in the process of AQAR submission we have to collect the feedback analysis on curriculum from teachers, alumni and present students and submit the same to the Academic Section of Affiliated University. We will be very glad if you could consider the observations of the feedback analysis while revising the syllabus to make students employable. Kindly find attached for feedback on curriculum.

Thanking You

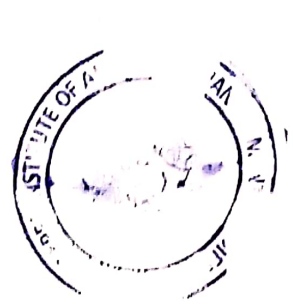

Yours faithfully

Dr. K. S. Prasad
Principal

SUGGESTIONS TO ENHANCE QUALITY OF CURRICULUM

The academicians have made following suggestions to improve curriculum further

1. Industrial required technology related subjects has to be included
2. To have industry & institution integration for curriculum development
3. Make advanced technology a constant in courses offered ,technology is advancing and it is time for academicians to walk parallel to all of these current innovations. With every company, be it a small scale business or a large corporate firm, seeking for employees that are efficient in managing basic technology, making courses that offer basic technical know-how mandatory is a step further in helping students improve their skills through thorough curriculum plan and development is required in this point.
4. Curriculum which covers present applications
5. Need to include emerging concepts.
