

## Report on Class Activity

**Date of Activity** : 20-12-2021  
**Class** : I Semester, B.Com 'A' & 'B'  
**Name of the Activity** : Add Creation  
**Faculty Name** : Dr. Krishna M.M.

### Objectives:

- To facilitate the students in improving their communication
- To help the student in analyzing commercial advertisements and techniques of promoting goods through advertisements
- To create an environment in the classroom which promotes creative thinking skills among the students

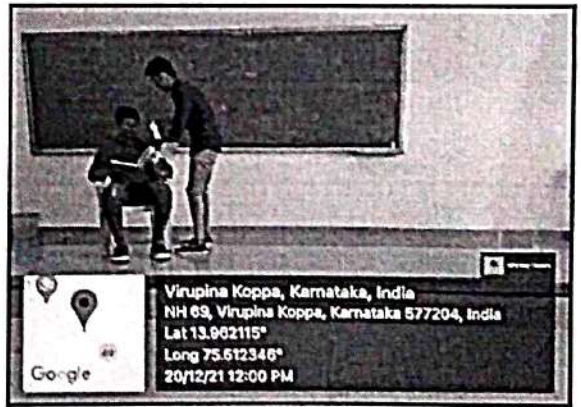

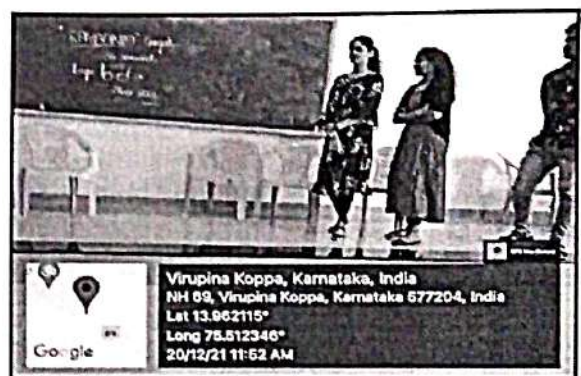

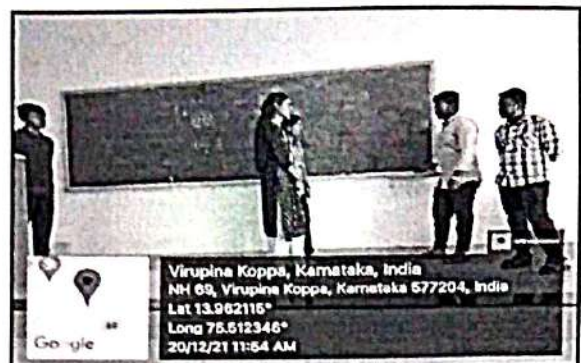

### Rules of Activity:

- Compulsory Participation.
- Randomly selected the students and formed group of 7 members.
- Each group is provided with 40 minutes of time for preparation and performance time is restricted to 45 seconds.
- Students were given a FMCG for creating and performing an advertisement.

**Outcome:**

The activity was embraced with open arms by all the students. The students enjoyed the activity of performing advertisement for an FMCG. Since the activity was extempore in kind the students learnt time managing skills in framing innovative idea and performing commercial ads. During the process of classroom activity some of the outcomes noted were; (i) Improved group dynamics (ii) Opening-up for communication (iii) Lack of stage fear (iv) Skill enhancement through creative thinking (v) Understanding & articulate market dynamics and, (vi) Understanding the essence of advertisement in promoting of consumer goods.

## Report on Class Activity

**Date of Activity** : 24-11-2021  
**Class** : VI Semester BBA  
**Name of the Activity:** Case Study Analysis  
**Faculty Name** : Mr. Abhishek S

### Objectives:

- To make students to learn practical applicability of research methodology
- To make students to understand the use of Research Methodology for finding solutions in real life problems

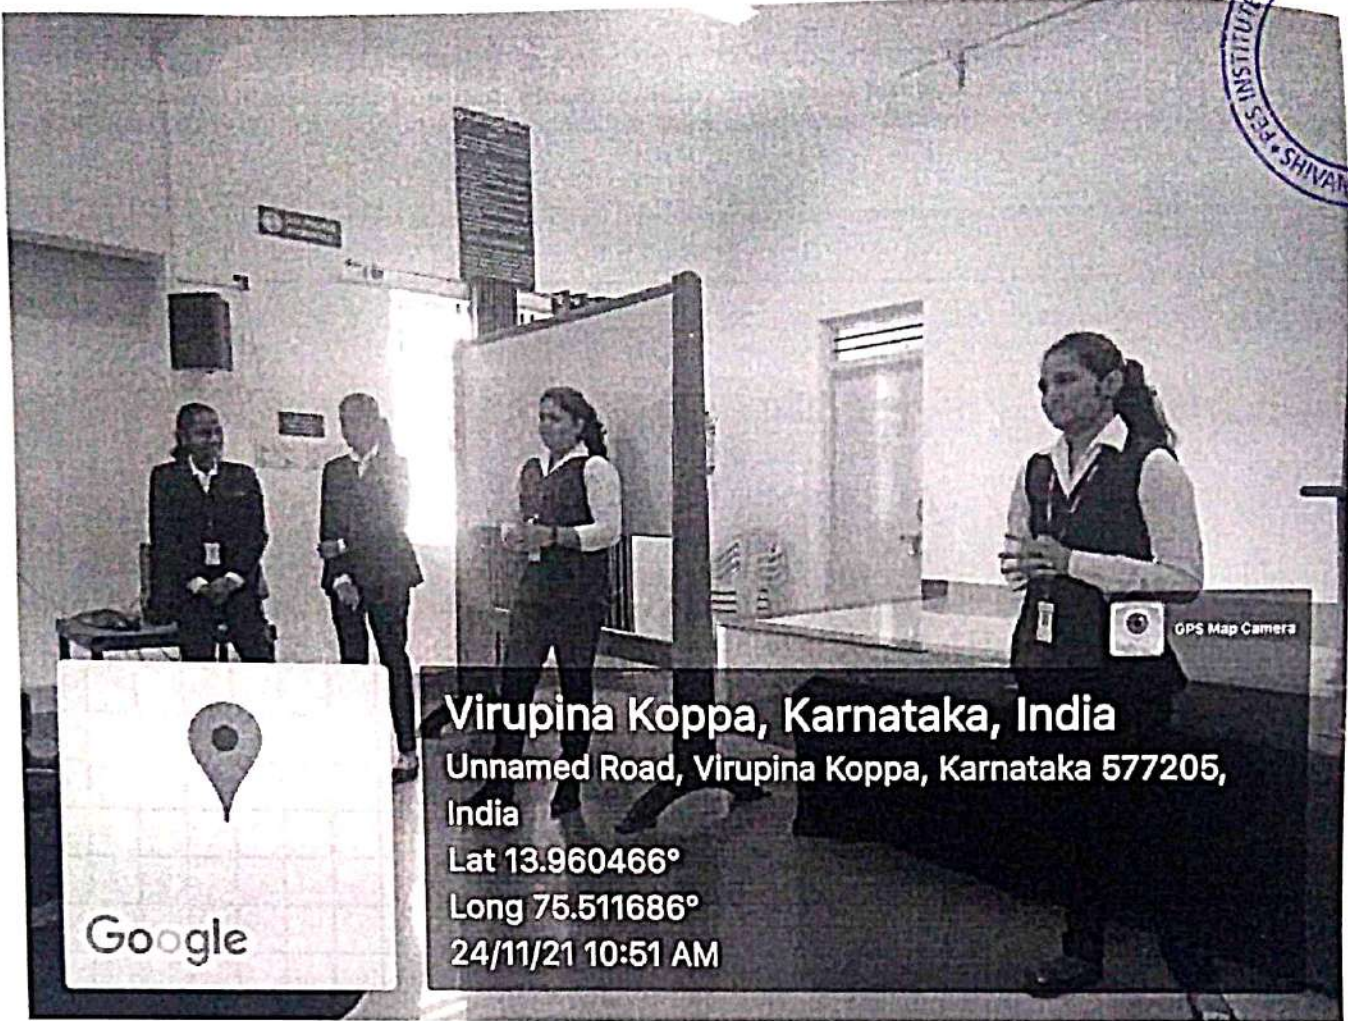

### Rules of Activity:

- Compulsory Participation.
- The students are divided into groups of 4 members each.
- The students were given a time of 10 minutes to analyze the given case study.
- The students need to present the identified findings and provide suggestions before the audience.

### Outcome:

The activity was cheered by all the students. The students learned and enjoyed through their active participation. Every student actively participated in the session. Different groups identified different findings and provided their own suggestions for that case. The activity helped the students to understand how effectively they can apply the research methodologies to solve the real life problems. A single case was given to all the groups.

## Case Study Activity #1

John is the most active student in my kindergarten class. He tends to be very disruptive when my faculty advisor is teaching the class, and even more so when I am teaching. This student challenges everything that I ask of him. When I acknowledge a student for a behavior that I like, John will do the exact opposite of that behavior. He seems to have absolutely no respect for his fellow students or for me. I really would like to focus on John throughout this course because I feel that I need to learn different strategies to work with him and other students like him.

### How do I feel about John?

I am completely uncomfortable with him. He makes me feel powerless because he constantly challenges my authority. At this point, I do not know how to respond to his behavior in the classroom. It seems that both my faculty advisor and I have used every strategy we know to work with him, but nothing works. What I find most difficult is that I am always questioning myself about the way that I manage the classroom. It is obvious to me that something has to change. Unfortunately I don't feel that I can relate to John.

### What do you know about this student so far?

From what I know, we have very different life experiences. He comes from a working class family. His mother and biological father have been divorced for the majority of John's life. He now lives with his mother and stepfather. John knows about his biological father and was recently able to visit him. As far as I know, other than the recent visit, John has very little contact with him. He calls his stepfather "Dad". From what I can see, "Dad" does all of the disciplining in their home. This is John's second year in kindergarten and his second year with my faculty advisor. Most of the other students look up to him and follow his lead. Often times a student is asked to choose a friend to help them with something. About six of the boys in our class would automatically choose John to help them. Outside at recess time, I can see that John is the leader of the pack. He tells the other students what to do and if they don't comply, he gets the other students to run away from the one who won't comply. There have been many times when I go outside to meet the students after lunch only to find one of them crying. Four out of five times the students are crying because of something that John said to them.

Another thing that I know about John is that he has been diagnosed with ADHD. After many struggles between my faculty advisor, the school psychologist, John's doctor, and his parents, John is now supposedly taking medication each school morning. We have met with John's parents and the school psychologist to talk about different methods for working with him. All of the ideas suggested required cooperation between the teachers at school and the parents at home. Over about a three-month period we tried about three of the different strategies that were suggested. Now we are back where we started from with no idea of how to make this work. I hate to be so negative when talking about a student, so I do have a positive. John can be an excellent helper. He has been in the classroom longer than I have. He is very familiar with where everything is in the classroom and he is always more than eager to help. I would jump on this and draw from this strength, but when I ask him to help too often, he begins to think that it is his job to help and nobody else's. I feel frustrated and want to find a way to work with John that will benefit him, the class, and myself. I've got quite a task on my hands, but if I take it activity by activity, hopefully I will come up with some positive strategies.

## Findings

- 1) John was depressed <sup>because</sup> as he didn't get the love from his parents as John's parents got depressed.
- 2) John did receive any father's love & mother's love together. Because his mother & father not living together. He don't know what is parent's love. So he brought up in rude way <sup>without any love that's why</sup> & he is rude.
- 3) John didn't get proper guidelines from anyone. This maybe be reason for his behaviour.
- 4) Maybe he didn't get love or guidelines even from his teachers in school.
- 5) John is a small boy, this is the age where he should learn everything to lead his life in society ~~when~~ he grows up. Ex: how to behave with elders, friends etc. These things are thought by parents & teachers. ~~The~~ John don't know all these things because his parents & teachers didn't teach him from his small age.

# Suggestions

- 1) His parents should spend more time with John.
  - 2) John should get love and care from Both the mother & father.
  - 3) His parents and teacher should not leave him lonely.
  - 4) Parents should keep him busy with the work what he likes to do.
  - 5) Parents should take John outside to show to John how people are living at their life.  
By doing this he may come to know that human beings are social animals.
  - 6) Introduce John to his friends or make friends to John & tell him that this is your friend.  
Both should be good to each other.
  - 7) Teacher should make council to John & find out what John is going through.
  - 8) Teacher should discuss about what John is going through with his parents
- To solve <sup>or change</sup> John's behaviour they have to do according to the above points written.

## Team 3

Team members:

Apoorva. N

Kavya. K.P

Harini. K.S

Sneha. S. Gowda

### Case Study

#### Findings:

- John is a most active student
- He is from Kindergarten
- John may not be interested in studies
- He may be teased by his friends
- He might be mentally disturbed as his mother divorced his biological father and married another man
- No strategies were worked made by his teachers

#### Suggestions:

- Finding out John's real interest, it may be sports drawing etc.
- Counselling him and his parents
- Giving him space rather than asking him to tell his problems

A handwritten signature in blue ink.

## Quiz on DBMS and SQL

Date of Activity: 27 Aug 21

Class: BCA 2<sup>nd</sup> Sem "A" section.

Lecturer Name: Ms Sushma G S

### Objective:

- Improve or expanding one's knowledge of things, in Database management system and SQL
- Enables students to think from different angles or simply 'to think out of the box'
- Aids team building process
- Provokes healthy debate among participants.

### Rules of Activity:

- Compulsory participation for every student.
- 5 Teams are formed.
- There will be 3 rounds

#### 1. General Round 1 :

In this round each team has its own quota of 4 questions and other questions passed to it from the previous team that did not answer.

A team gets 30 seconds to answer the question intended for it, and is awarded 20 points for answering it. If the team, the question intended for, gives a wrong answer, the quiz master will give the correct answer.

Questions will not be passed to next team

There is no negative marking for wrong answers.

#### 2. General Round 2:

In this round each team has its own quota of 4 questions and other questions passed to it from the previous team that did not answer.

A team gets 30 seconds to answer the question intended for it, and is awarded 20 points for answering it. If the team, the question intended for, gives a wrong answer, the quiz master will give the correct answer.

If the team that the question intended for passes it. The next team/s gets 15 seconds to answer it and is awarded 10 points for the right answer.

The team members can discuss before giving the answer. If a team cannot answer a question they can pass it or after 30 seconds it gets automatically passed to the next team.

If a team is answering a question and the time passes, then the team gets to complete the answer and is awarded points for the right answer.

There is no negative marking for wrong answer

### 3. Rapid Fire Round

In this round each team will be asked 10 questions one after another.

On the immediate completion of a question, each team gets 5 seconds to answer it.

If a team is not able to answer a question, they can pass it for the next question. There is no team discussion in this round. 10 points are awarded for the correct answer.

Negative points for the wrong answer.

#### Outcome:

- Changed scope of learning: Since questions are based on-syllabus and require critical thinking and extensive research. Students came to know concepts in detail
- Students have formed teams while participating in quiz, and it has given them an opportunity to hone their teamwork skills
- Students are able to retain information easily
- Students are able to identify knowledge gaps and we have suggested to work on the same

## Quiz on PL SQL and Data Warehousing

**Date of Activity:** 25 Aug 21

**Class:** BCA 4<sup>th</sup> Sem "B" section.

**Lecturer Name:** Ms Sushma G S

### Objective:

- Improve or expand one's knowledge of things, in PL SQL and Data Warehousing.
- Enables students to think from different angles or simply 'to think out of the box'.
- Aids team building process.
- Provokes healthy debate among participants.

### Rules of Activity:

- Compulsory participation for every student.
- 5 Teams are formed.
- There will be 3 rounds

#### 1. General Round 1 :

In this round each team has its own quota of 4 questions and other questions passed to it from the previous team that did not answer.

A team gets 30 seconds to answer the question intended for it, and is awarded 20 points for answering it. If the team, the question intended for, gives a wrong answer, the quiz master will give the correct answer.

Questions will not be passed to next team

There is no negative marking for wrong answers.

#### 2. General Round 2:

In this round each team has its own quota of 4 questions and other questions passed to it from the previous team that did not answer.

A team gets 30 seconds to answer the question intended for it, and is awarded 20 points for answering it. If the team, the question intended for, gives a wrong answer, the quiz master will give the correct answer.

If the team that the question intended for passes it. The next team/s gets 15 seconds to answer it and is awarded 10 points for the right answer.

The team members can discuss before giving the answer. If a team cannot answer a question they can pass it or after 30 seconds it gets automatically passed to the next team.

If a team is answering a question and the time passes, then the team gets to complete the answer and is awarded points for the right answer.

There is no negative marking for wrong answer

### Rapid Fire Round

In this round each team will be asked 10 questions one after another.

On the immediate completion of a question, each team gets 5 seconds to answer it.

If a team is not able to answer a question, they can pass it for the next question. There is no team discussion in this round. 10 points are awarded for the correct answer.

Negative points for the wrong answer.

#### Contributors:

Bhoomika R Murthy

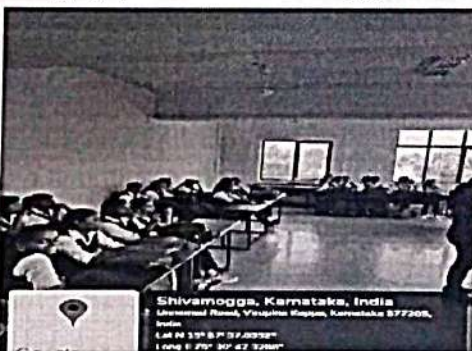

Sahana S

#### Outcome:

- Changed scope of learning: Since questions are based on-syllabus and require critical thinking and extensive research. Students came to know concepts in detail
- Students have formed teams while participating in quiz, and it has given them an opportunity to hone their teamwork skills
- Students are able to retain information easily
- Students are able to identify knowledge gaps and we have suggested to work on the same

## New Product Development

**Date of Activity:** 23-08-2021

**Class** : II Semester BBA

**Faculty Name** : Sumarani. S

### Objective:

- To unveil the hidden talents of students and providing them a platform to showcase their talents.
- To enable the students to learn about techniques and pricing strategies followed by manufacturing in order to survive in the market.
- To encourage the students analyzing the market conditions.

### Rules of Activity:

- Compulsory participation.
- Every group has to introduce new product
- Each group has to tell how their product is differing from their competitors.

### Outcome:

The activity was embraced with open arms by almost all students. The students enjoyed and at the same time they learnt the techniques and pricing strategies used by different companies in order to survive in competitive market. Students could understand their mistakes in regard with the best acts through appreciation and the mistakes were corrected.

## Writing the Logos of Banks

Date of Activity: 20-08-2021

Class : IV Semester B.Com

Faculty Name : Sumarani S

### Objective:

- To unveil the hidden talents of students and providing them a platform to showcase their talents.
- To enhance the students about bank logos and the meaning behind the logo designs.

### Rules of Activity:

- Compulsory participation.
- Every student has to collect the logo and have to draw the same.
- Every individual should explain about their work.

### Outcome:

The activity was embraced with open arms by almost all the students. The students collected logos of different banks. The students enjoyed while writing the logo and at the same time they learnt about the specification of bank logos. They rectified their errors and the mistakes were corrected.

## Class Activity

On

# Calculator Application Development using C# Windows Forms

Class: VI Semester BCA 'A' Section

Date of Activity: 14/08/2021

Lecturer Name: Mr. Anmol Kiran Uttarkar

### Objective:

- Describe the basics of C# Windows forms
- Understand the working mechanism of C# Windows forms
- How Form elements work
- Learn how to use visual studio

### Rules of Activity:

- Compulsory participation for every student.

### Outcome:

This activity encourages students to learn about how to create a windows C# application using visual studio. Calculator Application to be developed using visual studio to learn how form elements works.

## Class Activity on Compatibility of Third Party Applications on Ubuntu Operating System

Class: V Semester BCA 'B' Section

Date of Activity: 12/08/2021

Lecturer Name: Mr. Anmol Kiran Uttarkar

### Objective:

- Understand the basics of **Ubuntu Operating System**.
- Describe **Third party** applications.
- Identify the compatibility of third party applications with **Ubuntu Operating System**.

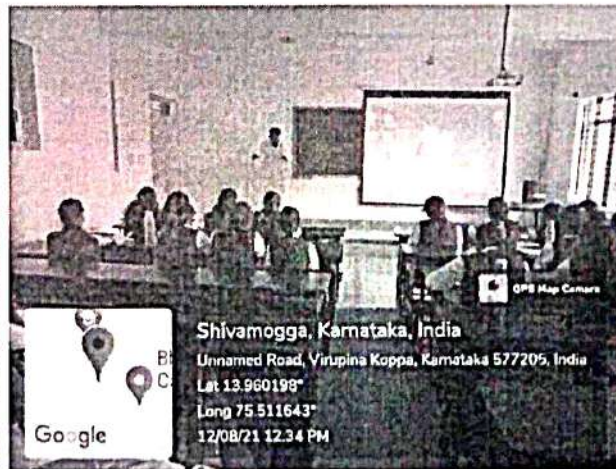

### Rules of Activity:

- Compulsory participation for every student.
- Need to create a power point presentation on the topic.

### Outcome:

This Activity encourages students to learn about third party applications with ubuntu operating systems along with their compatibility.

The students actively involved themselves in the activity and they have learnt the importance of Operating Systems and third party applications.

## Pseudo code Presentation

Date of Activity: 10/08/2021

Class : 4<sup>th</sup> Sem B.Sc

Faculty Name: Mr. Rangaswamy H

### Objective:

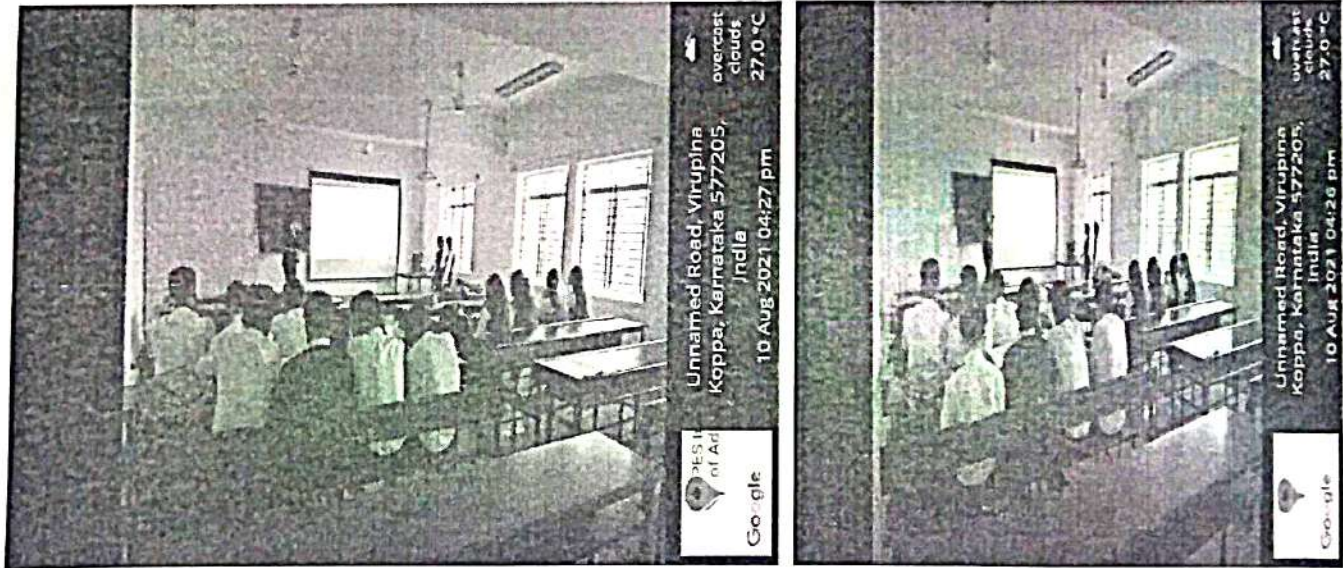

- To improve the students communication skills.
- Make them better ppt(power point) preparation.

### Rules of Activity:

- Compulsory participation.
- Ten minutes for presentation.

### Outcome:

The improvement of coding analysis, their communication skill, better to design ppt, listening skills and Present with a relaxed inner-calm and confident outward projection. Give your audience warmth, excitement, and energy.

## Presentation on Graph Theory - Differentiating Hamiltonian and Euler Graph

Date of Activity: 7/8/2021

Class: BCA 2<sup>nd</sup> Sem "A" section

Lecturer Name: Ms Reshma V J

### Objective:

- Understand the definition and significance of Graph Theory
- Discuss applications of Graph
- Examine how Graph is used and understand the advantages of Hamiltonian and Euler Graph

### Rules of Activity:

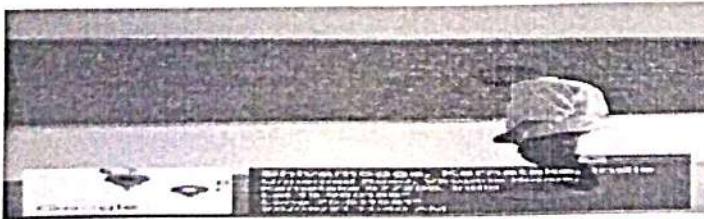

- Compulsory participation for every student.

### Contributors:

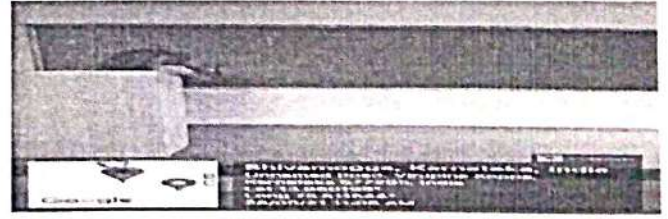

- Ruchitha G U
- Sadaf banu
- Divya U

### Outcome:

- This Activity encourages students to design Hamiltonian and Euler Graph.
- Students actively involved themselves in the activity and they learnt about advantages and applications of Graph theory.
- Learnt, practiced and acquired the skills necessary to deliver effective presentation with clarity and impact.
- Question and Answer session was arranged and students have actively answered the questions posed by contributors.

## Report on Class Activity

**Date of Activity** : 06-08-2021  
**Class** : VI Semester B.Com  
**Name of the Activity:** Mock Interview Session  
**Faculty Name** : Mr. Abhishek S

### Objectives:

- To make students to learn how to develop interview techniques
- To make students to improve communication skills
- To bring motivation among the students with regards to acquiring interview skills
- To help the students in reducing stress before an actual job interview

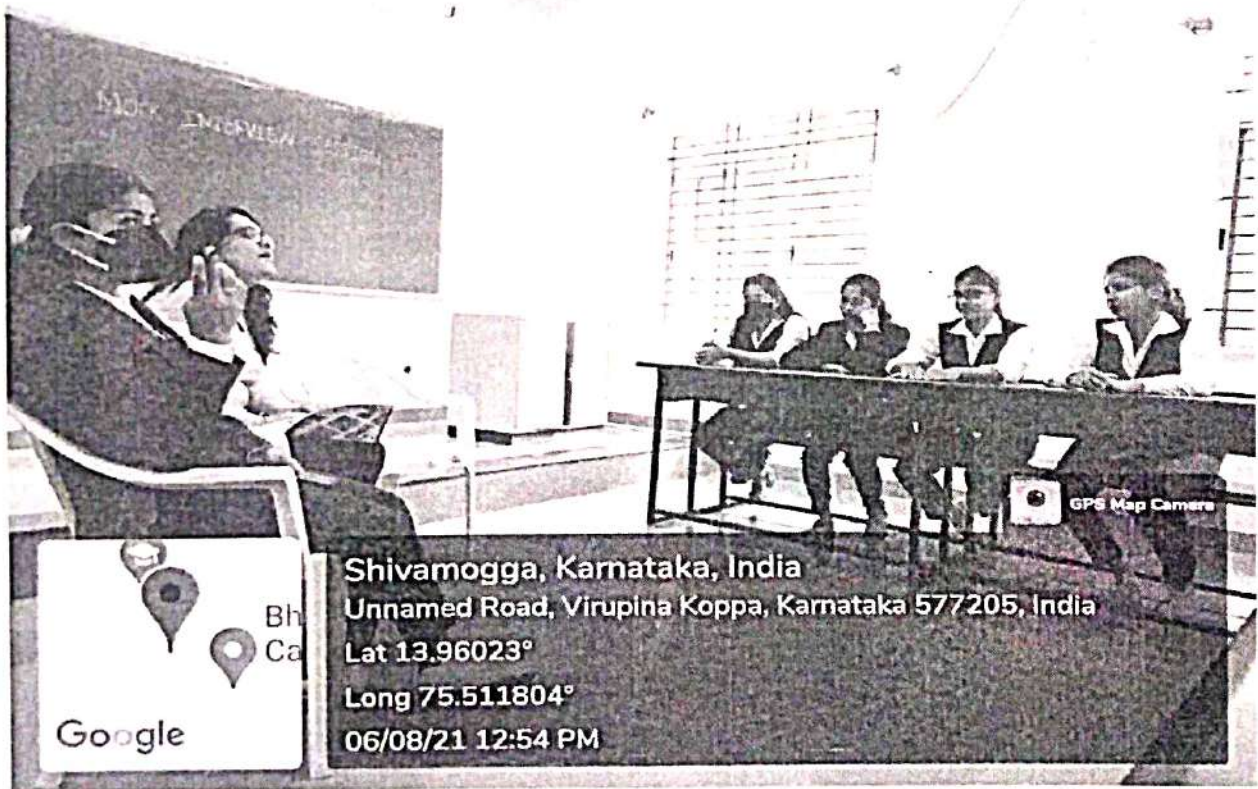

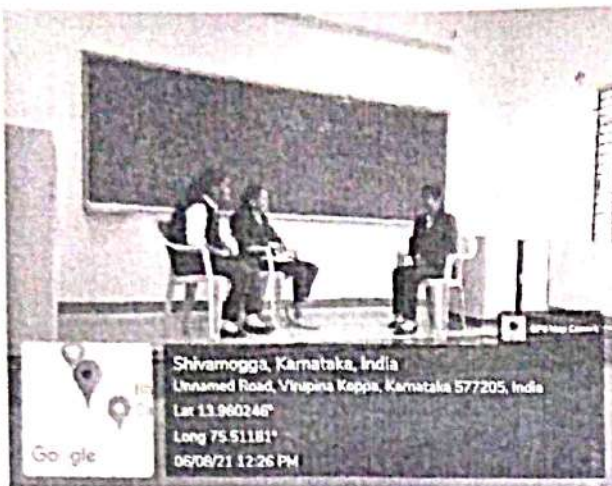

### Rules of Activity:

- Compulsory Participation.
- Two students voluntarily conduct the mock interview session
- The mock interview session comprises of three rounds i.e. Aptitude, Group Discussion and HR round.
- The students were instructed to get prepared in the previous class.

### Outcome:

The activity was cheered by all the students. The students learned and enjoyed through their active participation. Every interviewee student actively participated in the session. The interviewer students conducted the interview very neatly and judged the interviewees based on their communication skills (both verbal and non-verbal) and group participation. The activity helped the students to improve their communication skills and interview skills and also this activity motivated the students in attending the actual interview without stress and hesitation.

## "PRODUCTION PROCESS"

**Date of Activity:** 28-07-2021

**Class** : II Semester BBA

**Faculty Name** : Ms. Bhoomika. S. U

### Objective:

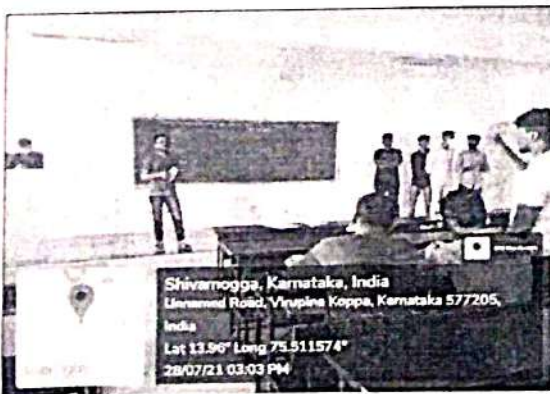

- To unveil the hidden talents of students and providing them a platform to showcase their talents.
- To enable the students to present about their production process, strategies they make, and methods they use.

### Rules of Activity:

1. Compulsory participation.
2. Every group have to take one production process
3. Each student in a group has to imagine themselves as a production manager and present about their production process with imaginary production system name.

### Outcome:

The activity was embraced with open arms by almost all students. The students enjoyed and at the same time they learnt. All students imagined themselves as production manager and they represent their production system about the product they produce, method they use, their plans, strategies they make. They learnt by discussing in team as well as from seeing other team performance.

## Implement Bank line and Ticket counter in Queue using C

Date of Activity: 26/7/2021

Class: BCA 2<sup>nd</sup> Sem "B" section

Lecturer Name: Ms Reshma V J

### Objective:

- Understand the definition and significance of data structure
- Discuss applications of Queue
- Examine how Queue is used and understand the advantages of Queue

### Rules of Activity:

- Compulsory participation for every student.

### Contributors:

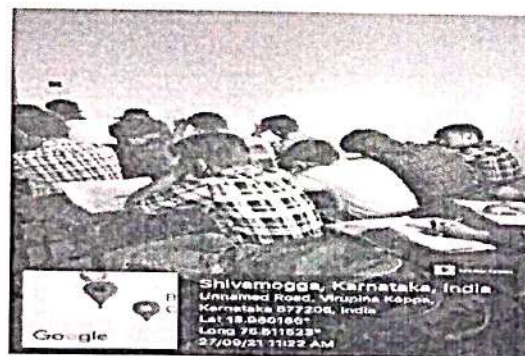

Aishwarya B C  
Bharath K S  
Bharathi M

### Outcome:

- This Activity encourages students to design Queue operations.
- Students actively involved themselves in the activity and they learnt about advantages and applications of data structure.
- Learnt, practiced and acquired the skills necessary to deliver effective presentation with clarity and impact.
- Question and Answer session was arranged and participants have actively answered the questions posed by contributors.

## Seminar On Real World Applications Of Group Theory

Class: II Semester BSc

Date of Activity: 26/07/2021

Lecturer Name: Mr.Rajshekhar Hammigi

### Objective:

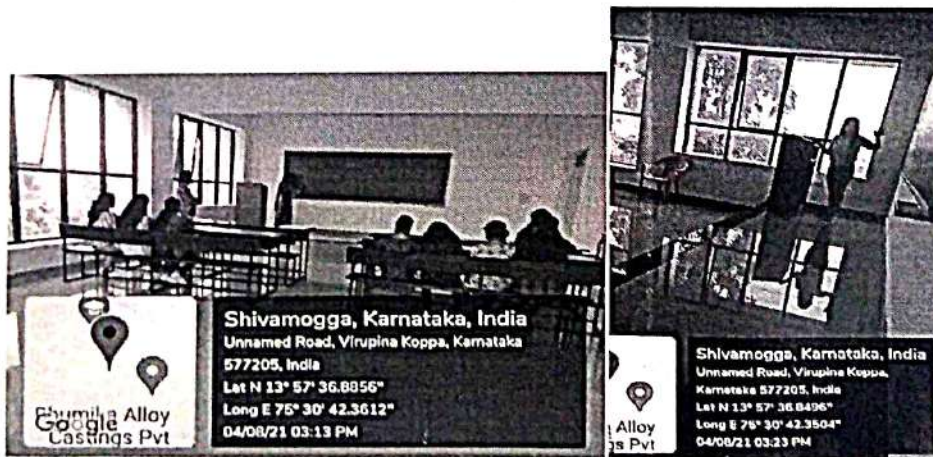

- To create awareness about real world application of group theory.
- To make students to look forward for application oriented learning of topics in syllabus.

### Rules of Activity:

- Active participation of every student.
- Each student should present the given concept in good manner.

### Outcome:

This seminar encouraged students to learn about real world application of group theory .  
The students actively participated themselves in the seminar and they have learnt the importance of group theory.

### **Identifying the foreign currency name and its exchange rate**

**Date of Activity:** 22-07-2021

**Class** : II Semester B.Com  
'A' & 'B' section

**Faculty Name:** Sumarani S

#### **Objective:**

- To unveil the hidden talents of students and providing them a platform to showcase their talents.
- To enlighten the students about the foreign exchange rates by comparing Indian currency with foreign currencies.

#### **Rules of Activity:**

1. Compulsory participation.
2. Every individual should upload their listed country currencies in the google classroom

#### **Outcome:**

The activity was embraced with open arms by almost all the students. The students enjoyed and at the same time they learnt about foreign exchange rates. Students have uploaded their listed different country currencies in the google classroom. Students could understand the value of indian rupees in other countries by comparing Indian rupee to foreign currency.

## Creating C# windows forms using visual studio by Activity based learning

Class: VI Semester BCA 'B' Section

Date of Activity: 19/07/2021

Lecturer Name: Mr. Prashanth Kumar R

### Objective:

- To understand the window applications in Dot Net platform
- Learn how to create a Windows Forms app in Visual Studio.
- Describe commonly used controls in visual studio.

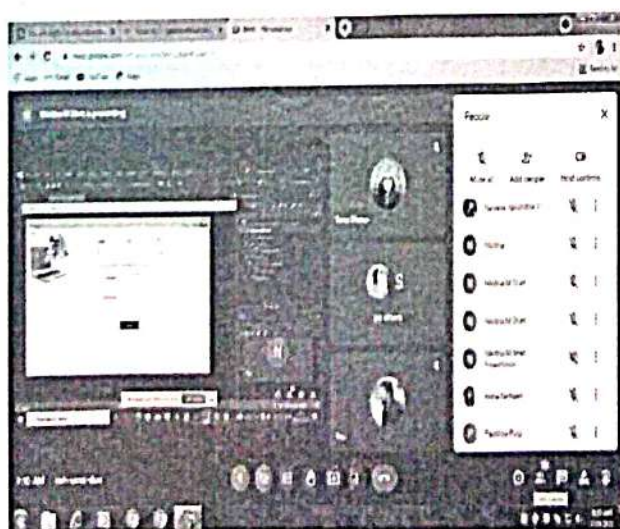

### Rules of Activity:

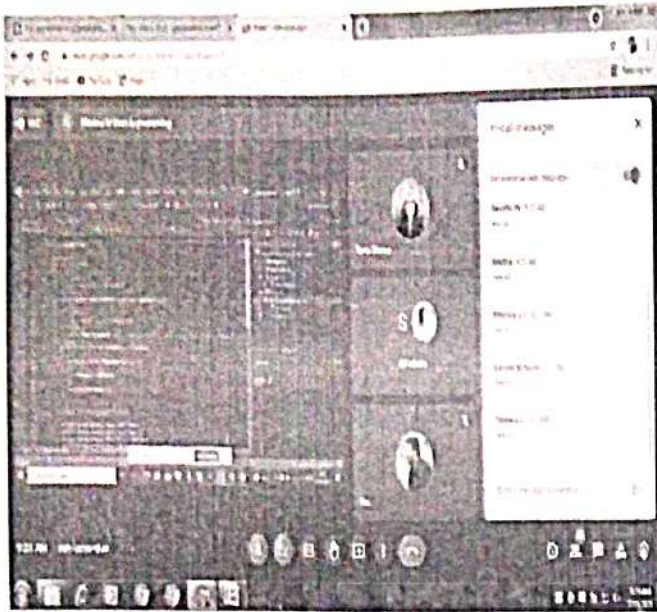

- Compulsory participation for every student.

### Outcome:

This activity encourages students to learn about creating windows forms using visual studio that are used today and it provides one of the most productive ways to create desktop apps based on the visual designer provided in Visual Studio. Functionality such as drag-and-drop placement of visual controls makes it easy to build desktop apps.

The students actively involved themselves in the activity and they have learnt the importance of c# and basic controls available in visual studio platform.

## Executing shell script program using termux app by Activity based learning

Class: VI Semester BCA 'A' Section

Date of Activity: 19/07/2021

Lecturer Name: Mr. Prashanth Kumar R

### Objective:

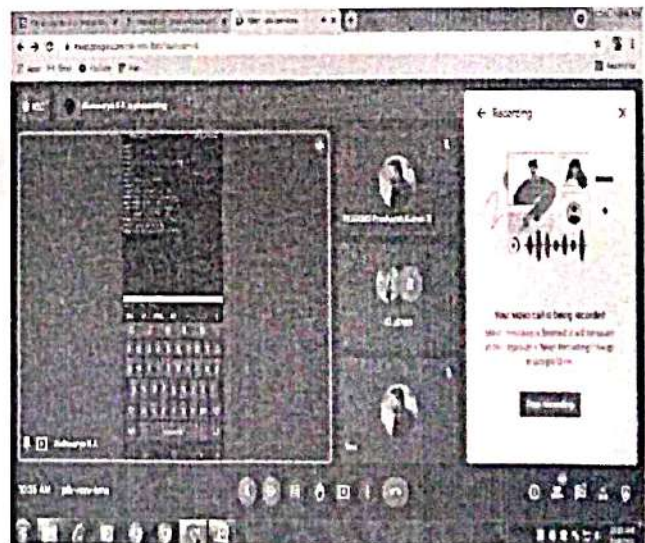

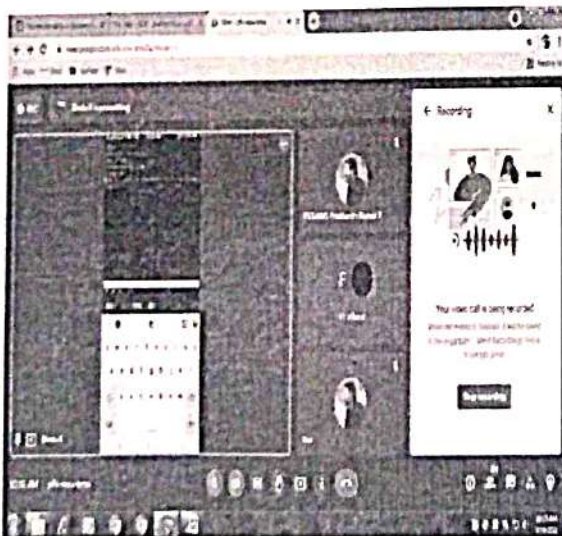

- The main objective is to bring UNIX command line experience to users of mobile devices with no rooting or other special setup required.
- To understand the basic UNIX commands using the termux application.

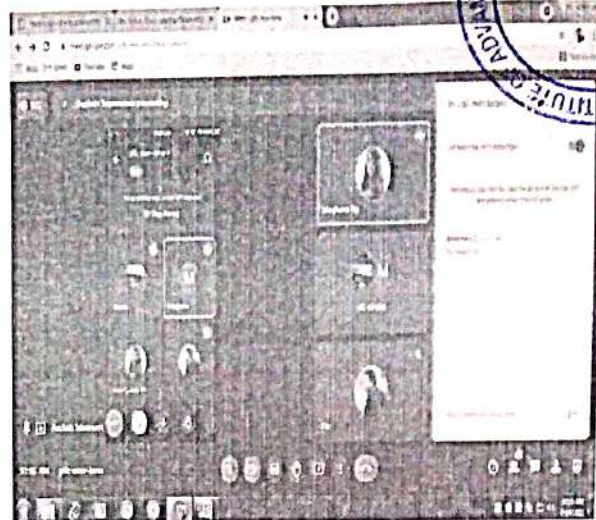

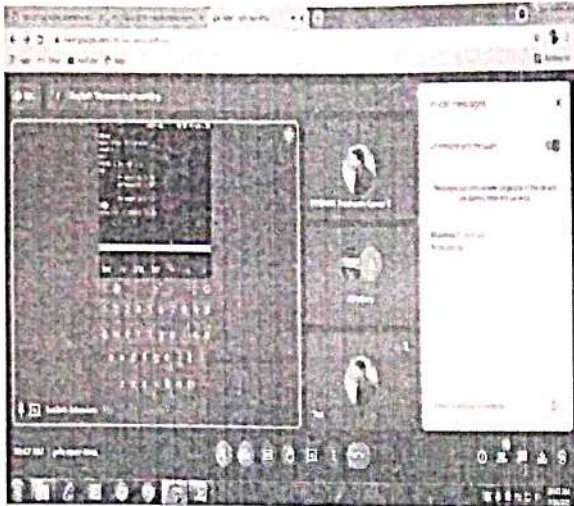

### Rules of Activity:

- Compulsory participation for every student.

### Outcome:

This activity encourages students to learn about basic commands in UNIX and executing shell scripts by their own using mobile application (Termux). The students actively involved themselves in the activity and they have learnt the importance of shell scripts and usage of basic commands in vi editor.

## Class Activity on Executing java program in online platform

Class: IV Semester BCA A Sec

Date of Activity: 16/7/2021

Lecturer Name: Mr. Darshan P R

### Objective:

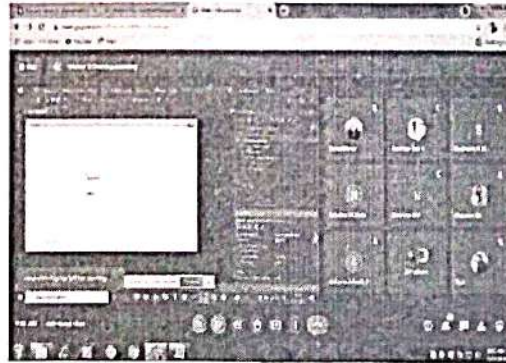

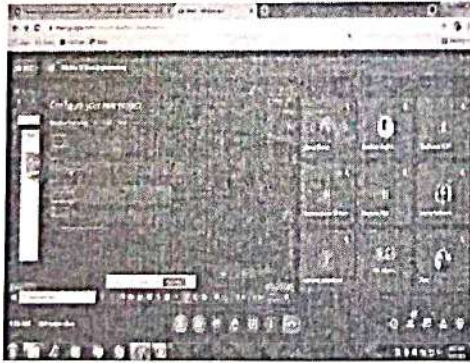

- To have knowledge about the basic working of JAVA in online platform
- Interactive program execution which makes the user to give program inputs at real time
- Helpful for beginners to learn and practice programs

### Rules of Activity:

- Compulsory participation for every student

### Outcome:

- Mr. Loyal D Souza presented the seminar on the topic "Executing java program in online platform"
- Students Acquired knowledge about executing java programs on online platform like JAVA tpoint, online java Compiler.
- Students have understood that programs can be executed in online without JVM(JAVA Virtual machine)

## Implement UNDO operation in Stack using C

**Date of Activity: 15/7/2021**

**Class: BCA 2<sup>nd</sup> Sem “B” section**

**Lecturer Name: Ms Reshma V J**

**Objective:**

- Understand the definition and significance of data structure
- Discuss applications of Stack
- Examine how Stack is used and understand the advantages of Stack

### Rules of Activity:

- Compulsory participation for every student.

### Contributors:

Rohini D S

Kushal S

Preethi B K

**Outcome:**

- This Activity encourages students to design undo and redo operations.
- Students actively involved themselves in the activity and they learnt about advantages and applications of data structure.
- Learnt, practiced and acquired the skills necessary to deliver effective presentation with clarity and impact.
- Question and Answer session was arranged and participants have actively answered the questions posed by contributors.

## SCM & CRM in Data Warehousing

Date of Activity: 14/07/2021

Class: IV Semester BCA A-Sec

Faculty Name: Ms. Roopa D. S.

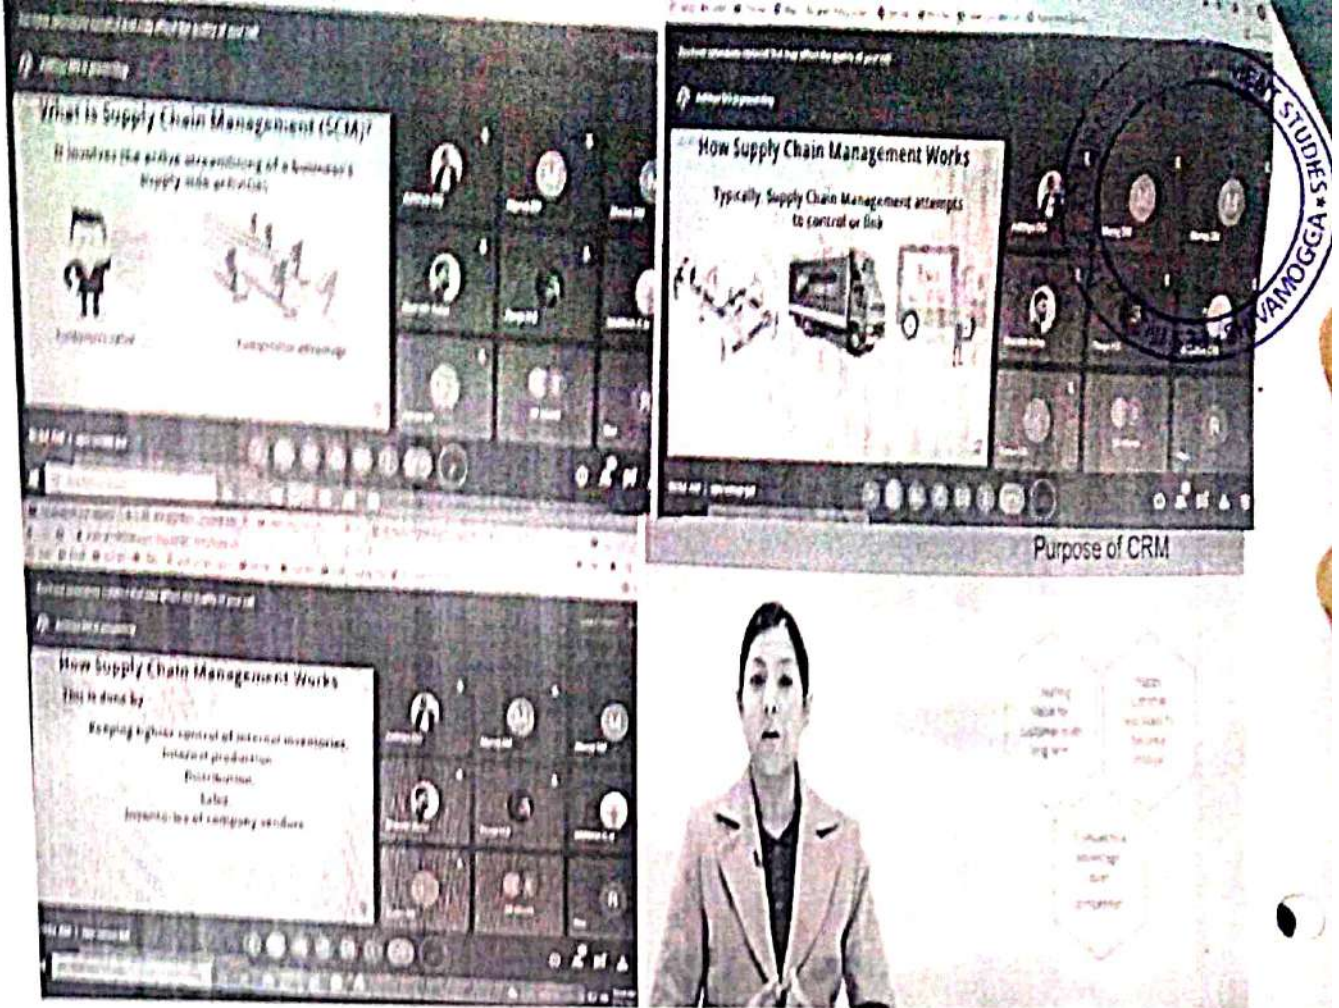

### Objective:

- Basic Knowledge of Supply Chain Management(SCM) & Customer Relationship Management (CRM)
- Process of SCM & CRM
- How SCM & CRM effects Business Data warehouse
- IT Job Opportunities

### Outcome:

- Mr. Adithya D. G. from Second year BCA A section was given an opportunity to display the video of Supply Chain Management video and show the video during Online class. After the video was displayed detailed explanation was given to the students of how the SCM operational data becomes important to predict the future Business. A platform was created to the students to know how the SCM will be a data source in business data warehouse to better predict future business demand.
- Mr. Manoj S. M. from Second year BCA A section was given an opportunity to display the video of Customer Relationship Management. After the video was displayed detailed explanation was given to the students of how the CRM operational data becomes important to predict the future Business. A platform was created to the students to know how the CRM will be a driver in business data warehouse which helps the Business organization to improve the Business in the Competitive edge.
- Created awareness on how an individual should upgrade knowledge on the advanced technologies.
- Students' understood how the IT skilled person have excellent opportunities with high-paying jobs in Business organizations.

## CRM - Customer Relationship Management :-

Customer Relationship management has to be focused on aligning the business process with customer strategies employed by the firm.

Customer Relationship management (CRM) can be very useful if it works. It allows companies together customer data swiftly, identify the most valuable customers over time and increases customer loyalty by providing customized products and services. It also reduces the cost of serving these customers and makes it easier to acquire similar customers.

But a CRM can not only fail to deliver its intended benefits, it can also damage long standing customer relationships. The biggest problem is the assumption that CRM is a software tool that will manage customer relationship of the company. CRM is the bundling of customer strategy and processes supported by relevant software for the purpose of improving customer loyalty and in the long term, the profitability of the company. It is important to get the concept and implementation of CRM right, as it is one initiative that most companies will be tempted to pursue sooner rather than later.

Create a better Customer Experience with the CRM process

In order to stand out from the Competition, you can't go wrong by delivering a personalised, meaningful Customer Experience - one that makes your customers feel like no matter what, you've got them.

Benefits of CRM :-

- ① Leverage the Power of AI and Data Analytics
- ② Cost-effective solution
- ③ Enhanced Lead Management
- ④ Data-driven Marketing
- ⑤ Better customer Support
- ⑥ Scalability & flexibility
- ⑦ Better knowledge of Customers
- ⑧ Better Segmentation
- ⑨ Better Customer retention
- ⑩ Better Anticipation of needs
- ⑪ Better And Speedier Communication
- ⑫ Better protection of data privacy.

## SCM - Supply chain Management :

Supply chain Management (SCM) is the optimization of a product's creation and flow from raw material sourcing to production, logistics & delivery to the final Customer.

SCM encompasses the integrated planning and execution of processes required to manage the movement of materials, information and financial capital in activities that broadly include demand planning, sourcing, production, inventory management and storage, transportation - or logistics excess or defective products. Supply chain management relies on both business strategy, specialized software & collaboration to work.

In Addition, Supply chain Sustainability -- which covers environmental, social and legal issues, in addition to sustainable procurement -- and the closely related concept of corporate social responsibility -- which evaluates a company's effect on the environment & social well-being -- are areas of major concern for today's companies.

- CRM Software for Colleges & Universities :-

CRM Software helps the Colleges & Universities

- ① Improving Prospecting for future Students.
- ② Tracking Students Life-cycles Throughout Admission, Enrollment and Graduation
- ③ Staying Connected with Alumni & Donors
- ④ Gaining Insight on Organization-wide data Process

## Benefits of Supply Chain Management:

- Better Ability to predict & meet Customer demand
- Better Supply chain visibility, risk management & productive Capabilities.
- Fewer process inefficiencies and less product waste.
- Improvements in Quality
- Lower Overhead.
- Improvements in Cash flow.
- More efficient logistics.

## Five Stages of SCM:-

- ① Plan
- ② Source
- ③ Make
- ④ Deliver
- ⑤ Return

Ex of SCM:- The most basic version of a supply chain includes a Company, its Suppliers and the Customers of that Company. An example would be:  
raw material producer, manufacturer, distributor, retailer and Retail Customer.

## HASIRU ODU

Class: IV Semester Bcom

Date of Activity: 12/07/2021

Lecturer Name: Mrs. Anitha C B

### Objective:

- To improve the interaction of students
- To observe the voluntary participation of students.
- Improve inter-team communication.
- Increased motivational levels among team members.
- To study the evaluation procedure of the activity by the lecturer as well as students.
- To understand the importance of the concept and subject.
- To make them understand the importance and values of Kannada Proverbs.

### Rules of Activity:

- Compulsory participation for every student.
- Students were asked to make videos and take pictures of the activity and made them send those reports me.

### Outcome:

All students actively participated in the activity. This activity enhanced the knowledge of language and nature amongst the students. It made them realize that usage of these proverbs in daily conversation makes the language beautiful.

## “WASTE MANAGEMENT”

**Date of Activity:** 10-07-2021

**Class :** II Semester BBA

**Faculty Name :** Ms. Bhoomika. S. U

### Objective:

- To unveil the hidden talents of students and providing them a platform to showcase their talents.
- To enable the students to share their idea about re-cycling and re-use of a particular waste product.

### Rules of Activity:

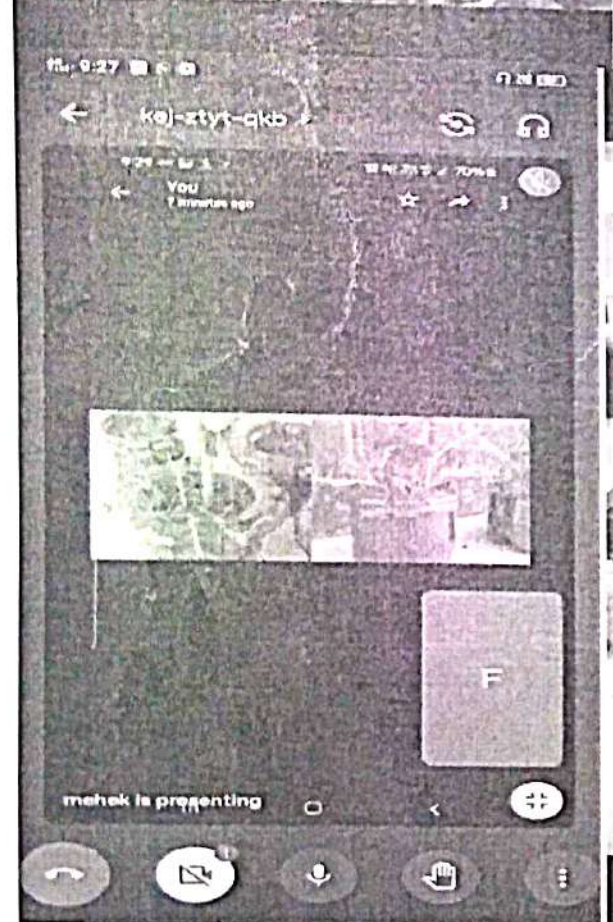

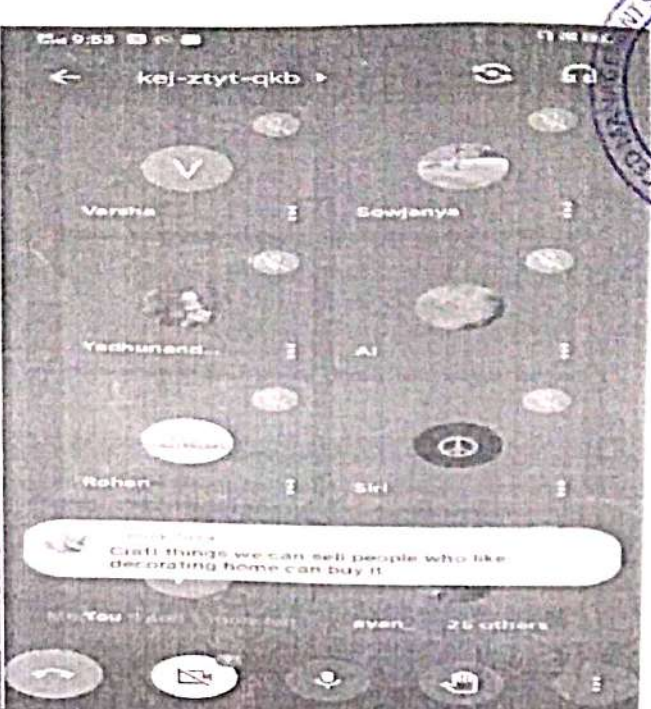

1. Compulsory participation.
2. Every group are free to take one waste product.
3. Each student in a group has to take initiative and share how one can re-use a particular waste product in innovative way.

### Outcome:

The activity was embraced with open arms by almost all students. The students enjoyed and at the same time they learnt about waste management i.e., recycling, re-using of a particular waste product. Students understand their mistakes in regard with the best through appreciation and the mistakes were corrected.

# Prepare for a networking interview by Activity based learning

**Class: VI Semester BCA B –Section**

**Date of Activity:** 08/07/2021

**Lecturer Name: Ms. Ashwini E M**

### Objective:

- To improve the interaction of students.
- To observe the voluntary participation of students.
- Improve time management skill.
- To study the evaluation procedure of the activity by the lecturer as well as students.
- To understand the importance of the concept and subject.
- Increases the active learning approach.

### Rules of Activity:

- Compulsory participation for every student.
- 1 marks for correct answer, and no negative marking for wrong answer.
- There is timer to answer each question, so follow the timer.
- So who will complete the quiz first with minimum time and maximum correct answer, they are winners.

**Outcome:**

To evaluate the knowledge of the participants within academics as well as beyond academics.  
To enhance academic knowledge among students regarding the subject. Innovative active learning approach was to increase student's interest in core subjects and to enhance student knowledge.

The students actively involved themselves in the activity and they have learnt the importance of Computer network and its techniques.

Online Quiz on Relational Data Model

Date of Activity: 03/07/2021

Class: II Semester BCA B-Sec

Faculty Name: Ms. Roopa D. S.

Objective:

- To evaluate the knowledge of Relational Data Model
- Strengthen the Knowledge of Relational Data Model
- To encourage students to take part in competitive examinations or Placement activities.

Outcome:

- Students were motivated and engaged
- A platform has been created to identify gaps in knowledge and build confidence
- Students doubts were clarified which made them to understand the concepts clearly
- A platform has been created to enrich student's knowledge and help the students to attend campus recruitment process.

# Relational Data Model

Online Quiz 03/07/2021

\* Required

1. Email \*

---

2. 1. Relational Algebra is a \_\_\_\_\_ query language that takes two relations as input and produces another relation as an output of the query. \*

*Mark only one oval.*

- ☐ Relational
- ☐ Structural
- ☐ Procedural
- ☐ Fundamental

3. 2. Which of the following is a fundamental operation in relational algebra? \*

1 point

*Mark only one oval.*

- ☐ Set intersection
- ☐ Natural join
- ☐ Assignment
- ☐ None of the mentioned

4. 3. Which of the following is used to denote the selection operation in relational algebra? \*

1 point

Mark only one oval.

- ☐ Pi (Greek)  
☐ Sigma (Greek)  
☐ Lambda (Greek)  
☐ Omega (Greek)

5. 4. For select operation the \_\_\_\_\_ appear in the subscript and the \_\_\_\_\_ argument appears in the paranthesis after the sigma. \*

1 point

Mark only one oval.

- ☐ Predicates, relation  
☐ Relation, Predicates  
☐ Operation, Predicates  
☐ Relation, Operation

6. 5. Which is a join condition contains an equality operator: \*

1 point

Mark only one oval.

- ☐ Equijoins  
☐ Cartesian  
☐ Natural  
☐ Left

10. 9. The operation which is not considered a basic operation of relational algebra is \*

1 point

Mark only one oval.

- ☐ Join
- ☐ Selection
- ☐ Union
- ☐ Cross product

11. 10. If two relations R and S are joined, then the non-matching tuples of both R and S are ignored in \*

1 point

Mark only one oval.

- ☐ left outer join
- ☐ right outer join
- ☐ full outer join
- ☐ inner join

12. 11. Which of the following constitutes a basic set of operations for manipulating relational data? \*

1 point

Mark only one oval.

- ☐ predicate calculus
- ☐ Relational calculus
- ☐ Relational algebra
- ☐ SQL

This content is neither created nor endorsed by Google.

Google Forms

7. 6. In precedence of set operators, the expression is evaluated from \*

1 point

Mark only one oval.

- ☐ Left to left
- ☐ Left to right
- ☐ Right to left
- ☐ From user specification

8. 7. Which of the following is not outer join? \*

1 point

Mark only one oval.

- ☐ Left outer join
- ☐ Right outer join
- ☐ Full outer join
- ☐ All of the mentioned

9. 8. The operation of a relation X produces Y, such that Y contains only selected attributes of X. Such an operation is \*

1 point

Mark only one oval.

- ☐ Selection
- ☐ Intersection
- ☐ Projection
- ☐ Difference

## Knowledge of Finance

**Date of Activity:** 25-03-2021

**Class** : I Semester M.Com

**Faculty Name** : Bhoomika. S. U

### Objective:

- To unveil the hidden talents of students and providing them a platform to showcase their talents.
- To enable the students to learn analytical thinking, self confidence and competitive spirit.

### Rules of Activity:

Compulsory participation.

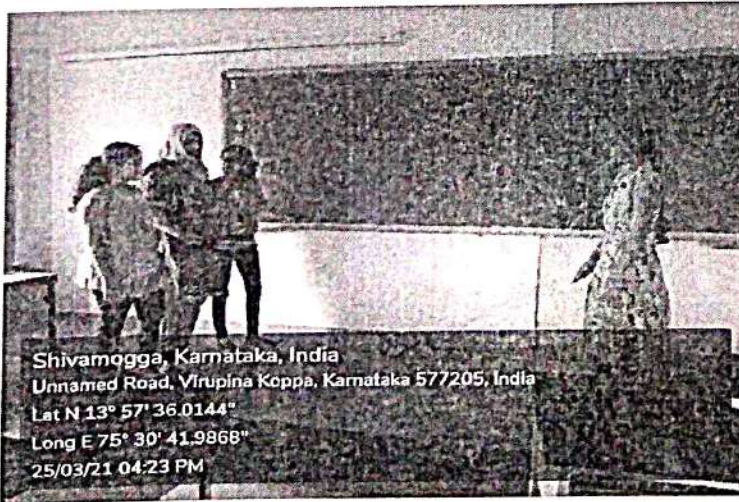

Students are given a denomination of note.

In a group one person have to give hint and rest have to guess the denomination.

While giving hint, they should not mention the value of note but they can mention the date of note launched, Color of note and reason for it, Person or monuments behind the note.

### Outcome:

The activity was embraced with open arms by almost all students. The students enjoyed and the same time they learnt the financial knowledge with their own performance as well as by seeing other students performance. Students could understand their mistakes in regard with the best answer through appreciation and the mistakes were corrected. They were made to realize that how important knowledge about denomination of notes.

## Activity based on Applications of C-language

Date of Activity: 13/03/2021

Class: I Semester BCA 'B' Sec

Faculty Name: MS. RESHMA V J

### Objective:

- ❖ Understand the concept and applications of C-language
- ❖ Discuss the applications and coding of C-program
- ❖ Examine how to trace the C-program

### Rule of this Activity:

- ❖ Compulsory participation for every student

### Contributors:

Megha S P      Sahana R

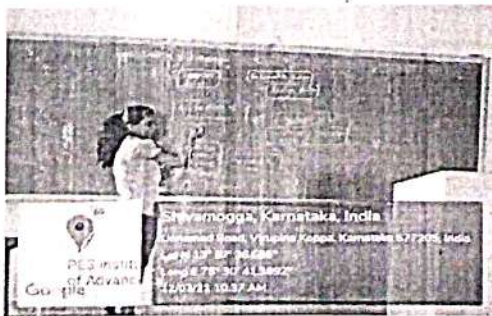

Nandan G

Swathi D

### Outcome:

- ❖ This Activity encouraged students to explore the various applications of the language and also how to debug the code.
- ❖ From this activity students came to know how to attend the online-quiz through the Google Classroom.

## Activity based on Applications of Matrices and Linear Functions in daily life

Date of Activity: 13/03/2021

Class: I Semester BCA 'B' SEC

Faculty Name: MS. RESHMA V J

### Objective:

- ❖ Understand the concept and applications of Matrix and Linear Functions in day today life .
- ❖ Discuss how to Encrypt and Decrypt data.
- ❖ To discuss how to use in computer graphics(computer animations) ,economics and business.

### Rule of this Activity:

- ❖ Compulsory participation for every student

### Contributors:

Preethi B K('B' sec)

Sahana R('B' sec)

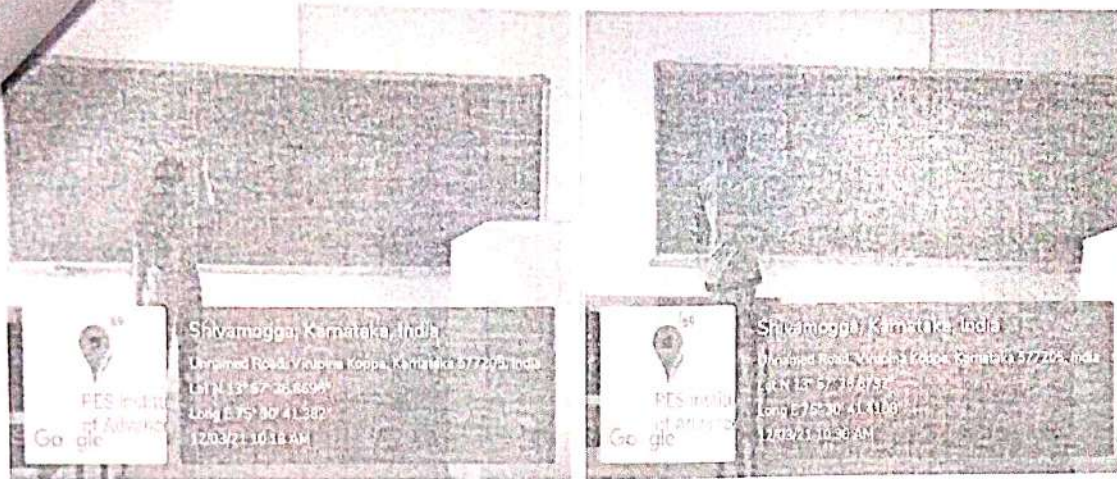

Bharath K S('B' Sec)

### Outcome:

- ❖ Students got the clarity of concepts
- ❖ This Activity encouraged students to explore the various applications of the Matrices and Linear functions such as encryption and decryption.
- ❖ Encryption, we use it to scramble data for security purpose to encode and decode this data we need matrices.
- ❖ Games especially 3D.They use it to alter the object, in 3D space.
- ❖ A platform was created to showcase their talent in understanding the given problem and incorporating the presentation and communication skills.

## Activity based Online Quiz on C-programming

Date of Activity: 13/03/2021

Class: I Semester BCA 'B' Sec

Faculty Name: MS. RESHMA V J

### Objective:

- ❖ Understand the concept and applications of C-language
- ❖ Discuss the applications and coding of C-program
- ❖ Examine how to trace the C-program

### Rule of this Activity:

- ❖ Compulsory participation for every student

### Outcome:

- ❖ This Activity encouraged students to explore the various applications of the language and also how to debug the code.
- ❖ From this activity students came to know how to attend the online-quiz through the Google Classroom.

## Product Development

**Date of Activity:** 12-03-2021

**Class** : I Semester BBA

**Faculty Name** : Sumarani. S

### Objective:

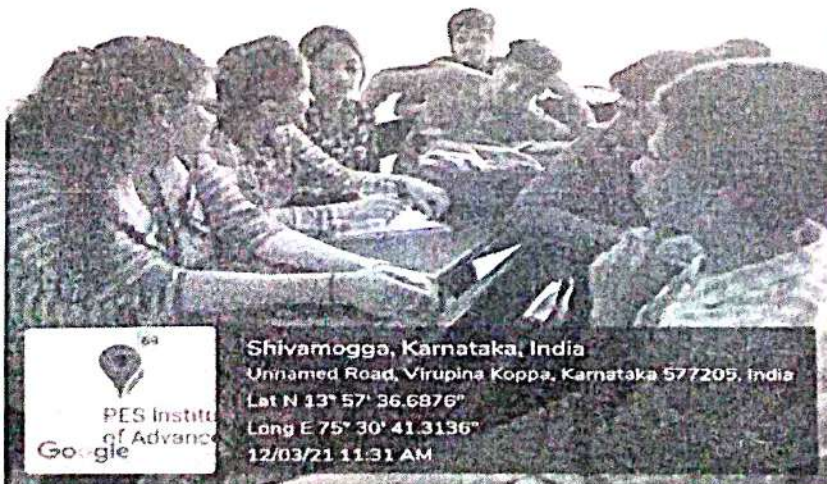

- To unveil the hidden talents of students and providing them a platform to showcase their talents.
- To enable the students to learn about techniques and pricing strategies followed by manufacturing in order to survive in the market.
- To encourage the students analyzing the market conditions.

### Rules of Activity:

1. Compulsory participation.
2. Every group has to introduce new product.
3. Each group has to tell how their product is differing from their competitors.

### Outcome:

The activity was embraced with open arms by almost all students. The students enjoyed and at the same time they learnt the techniques and pricing strategies used by different companies in order to survive in competitive market. Students could understand their mistakes in regard with the best acts through appreciation and the mistakes were corrected.

## Class Activity on Embedded Systems

Class: III Semester BCA B Sec

Date of Activity: 06/03/2021

Lecturer Name: Mr. Darshan P R

### Objective:

- To have knowledge about the basic working of a microcontroller system and its programming in assembly language
- To provide experience to integrate hardware and software for microcontroller applications systems, system software

### Rules of Activity:

- Compulsory participation for every student

### Outcome:

- Ms. Sahana S presented the seminar on the topic "Embedded Systems" and at the end of presentation video has been displayed on 'System Software Development'
- Students Acquired knowledge about microcontrollers embedded processors and their applications
- Students have understood the internal architecture and interfacing of different peripheral devices with Microcontrollers
- Students have understood the role of embedded systems in industry and design concept of embedded systems
- Students have understood how the system software is installed on ROM(Read only Memory)

## Class Activity on Compatibility of Operating Systems on Third Party Applications

**Class:** V Semester BCA 'B' Section

**Date of Activity:** 06/03/2021

**Lecturer Name:** Mr. Anmol Kiran Uttarkar

### Objective:

- Distinguish between different types of Operating Systems.
- Describe **Third party** applications.
- Identify the compatibility of third party applications on different **Operating System**.
- Identifying Desktop and web based application.

### Rules of Activity:

- Compulsory participation for every student.
- Need to create a power point presentation on the topic.

### Outcome:

This Activity encourages students to learn about different operating systems along with their compatibility with third party applications that are used today and understand how their minimum requirement changes with different operating systems.

The students actively involved themselves in the activity and they have learnt the importance of Operating Systems and third party applications.

## Class Activity on Embeded Systems

Class: III Semester BCA A Sec

Date of Activity: 03/03/2021

Lecturer Name: Mr. Darshan P R

### Objective:

- To have knowledge about the basic working of a microcontroller system and its programming in assembly language
- To provide experience to integrate hardware and software for microcontroller applications systems, system software

### Rules of Activity:

- Compulsory participation for every student

### Outcome:

- Ms. Neha Kousar presented the seminar on the topic "Embedded Systems" and at the end of presentation video has been displayed on 'System Software Development'
- Students Acquired knowledge about microcontrollers embedded processors and their applications
- Students have understood the internal architecture and interfacing of different peripheral devices with Microcontrollers
- Students have understood the role of embedded systems in industry and design concept of embedded systems
- Students have understood how the system software is installed on ROM(Read only Memory)

### Class Activity Report

**Date of Activity** : 02-03-2021

**Class** : III Semester BCA- A & BSc

**Name of the Activity:** A debate on the 'Relevance of Family as a Social Institution in 21<sup>st</sup> Century'

**Faculty Name** : Aditya J

#### **Objectives:**

- To brainstorm students on an interdisciplinary subject, yet relating to the domain of commerce.
- To familiarize them with contemporary issues of gender, sex, man-woman relationships, marital life, family economy, polity and its influence on society.
- To make them speak their mind without any inhibition.
- To encourage them to share their personal ideologies.
- To help them to gain a holistic view of society and apply the knowledge gained.

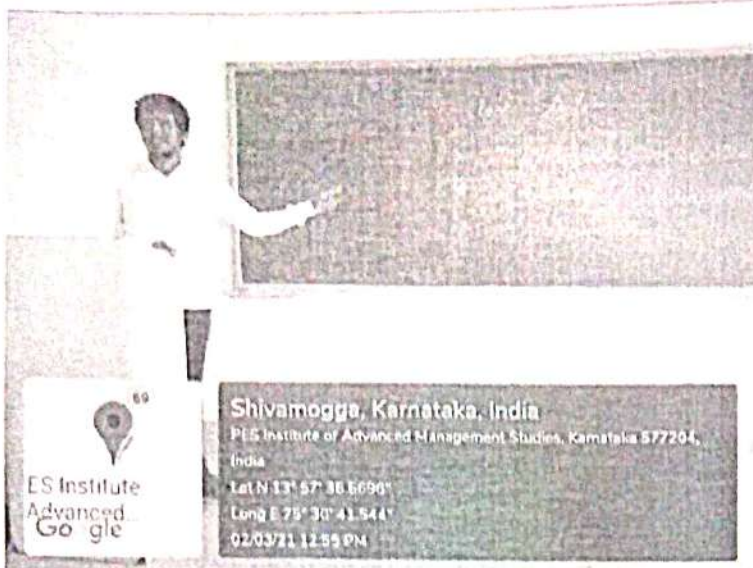

#### **Rules of Activity:**

- Compulsory Participation.
- Each student has to participate either as a direct party debating on the subject or as an indirect party asking questions to the debating parties or sharing feedback on the debate.
- Participants need to mind their language and maintain the decorum. Use of un-parliamentary language or any other untoward behavior leads to disqualification.

#### **Outcome:**

Students were excited by the subject and nature of the activity which was entirely different from their core subject activities. Though hesitant in the initial part, they were very soon to lose their inhibitions and reservations, eventually enjoying the debate. Despite being a minor class activity, the session certainly had its effect on their thoughts which was visible in their interactions in the subsequent classes.

## Finance Dumb charades

Date of Activity: 02/03/2021

Class: I Semester M.Com

Lecturer Name: Ms. Swathi J

### Objective:

- To enable students to think and act as artist.
- To enable them to think laterally to make others to understand their point of view.
- To make the students learn by play way method.
- To build confidence level.
- To reduce the stage fear in students.

### Rules of Activity:

1. Compulsory participation.
2. Each group is provided with 3 minutes of time.
3. Group members should act on chosen topic and they should give some message to the audience.

### Outcome:

Students actively involved themselves in this activity and they act on commerce words like Financial System, Financial institution, RBI, profit and loss, Shares and Debentures etc....

## Quiz on Transactions, Recovery and PL SQL

Date of Activity: 02 Mar 21

Class: BCA 3<sup>rd</sup> Sem "B" section.

Lecturer Name: Ms Sushma G S

### Objective:

- Improve or expanding one's knowledge of things, in Database management system and PL SQL
- Enables students to think from different angles or simply 'to think out of the box'
- Aids team building process
- Provokes healthy debate among participants.

### Rules of Activity:

- Compulsory participation for every student.
- 5 Teams are formed.
- There will be 3 rounds

#### 1. General Round 1 :

In this round each team has its own quota of 4 questions.

A team gets 30 seconds to answer the question intended for it, and is awarded 20 points for answering it. If the team, the question intended for, gives a wrong answer, the quiz master will give the correct answer.

Questions will not be passed to next team

There is no negative marking for wrong answers.

#### 2. General Round 2:

In this round each team has its own quota of 4 questions and other questions passed to it from the previous team that did not answer.

A team gets 30 seconds to answer the question intended for it, and is awarded 20 points for answering it. If the team, the question intended for, gives a wrong answer, the quiz master will give the correct answer.

If the team that the question intended for passes it. The next team/s gets 15 seconds to answer it and is awarded 10 points for the right answer.

The team members can discuss before giving the answer. If a team cannot answer a question they can pass it or after 30 seconds it gets automatically passed to the next team.

If a team is answering a question and the time passes, then the team gets to complete the answer and is awarded points for the right answer.

There is no negative marking for wrong answer.

### 3. Rapid Fire Round

In this round each team will be asked 10 questions one after another.

On the immediate completion of a question, each team gets 5 seconds to answer it.

If a team is not able to answer a question, they can pass it for the next question. There is no team discussion in this round. 10 points are awarded for the correct answer.

Negative points for the wrong answer.

### Outcome:

- Changed scope of learning: Since questions are based on-syllabus and require critical thinking and extensive research. Students came to know concepts in detail
- Students have formed teams while participating in quiz, and it has given them an opportunity to hone their teamwork skills
- Students are able to retain information easily
- Students are able to identify knowledge gaps and we have suggested to work on the same

## Class Activity on Blue Print of Website

Class: V Semester BCA A Sec

Date of Activity: 01/03/2021

Lecturer Name: Mr.Darshan P R

### Objective:

- To create awareness about Website Design
- To make students understand about layout of WebPages and its contents

### Rules of Activity:

- Compulsory participation for every student
- Group of 2-5 Students should form a team

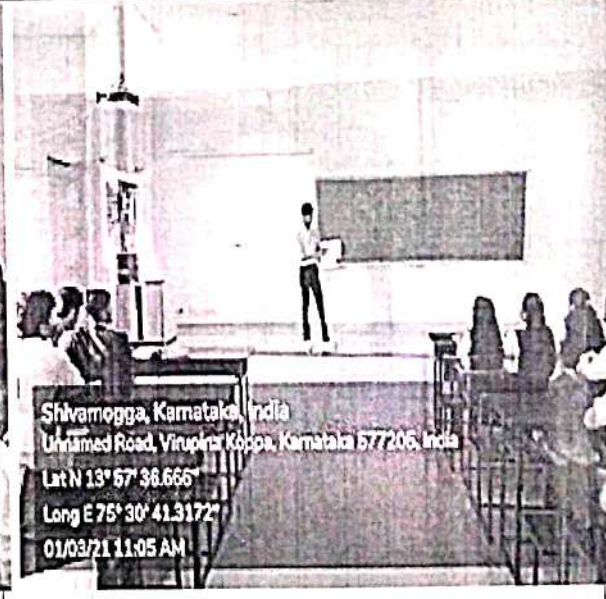

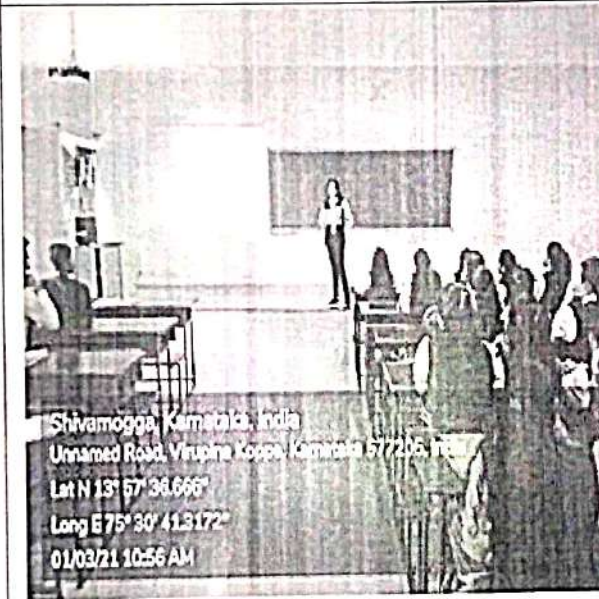

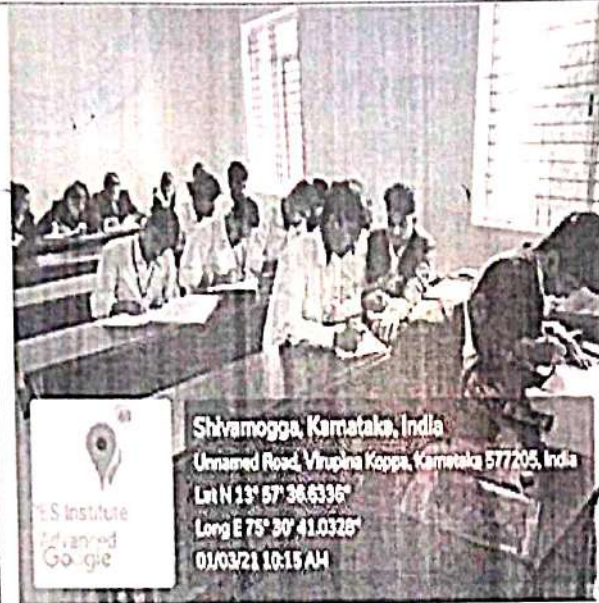

### Outcome:

- Students have understood the objective of this activity and have come up with innovative design ideas with beautiful sketches
- 10 layouts were prepared on different websites like flipkart, 1337x, travel world, wild life sanctuary etc..
- Students have simplified and optimized content available in website
- Students have provided quality content and have also added new information
- Students have displayed the required resources to develop a website

## Class Activity On Disk Structure and Peripheral Devices

**Class: V Semester BCA 'B' Section**

**Date of Activity:** 01/03/2021

**Lecturer Name: Mr. Prashanth Kumar R**

### Objective:

- Describe the basics of disk structures
- Understands working mechanism of hard disk
- Understands how information is stored on a drive
- Identify input, output and storage peripheral and their functions
- Identify variety of uses of peripheral devices

### Rules of Activity:

- Compulsory participation for every student.

**Outcome:**

This activity encourages students to learn about functions of the peripheral devices of a personal computer. The students actively involved themselves in the activity and they have learnt the importance of hard disk and learnt about how data is stored magnetically onto tracks on the disk, how read/write heads read data into main memory and writes data back to the disk.

## Quiz on the C++ Programming Concepts

Date of Activity: 01/03/2021

Class:BCA 3<sup>rd</sup>Sem "B" section.

Lecturer Name: Mr. Chandan S R

### Objective:

- A condition or capability needed by a user to solve a problem or achieve an objective.

### Rules of Activity:

- Compulsory participation for every student.

### About on Quiz on C++ Programming:

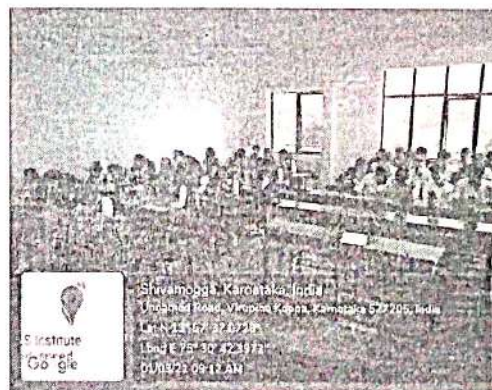

C++ is a must for students and working professionals to become a great Software Engineer.C++ programming gives you a clear understanding about Object Oriented Programming. You will understand low level implementation of polymorphism when you will implement virtual tables and virtual table pointers, or dynamic type identification.

### Outcome:

- To understand how C++ improves C with object-oriented features.
- To learn how to write inline functions for efficiency and performance.
- To learn the syntax and semantics of the C++ programming language.
- To understand the concept of data abstraction and encapsulation.

## Quiz on the Software Engineering Concepts

Date of Activity: 01/03/2021

Class: BCA 5<sup>th</sup> Sem "A" section.

Lecturer Name: Mr. Chandan S R

### Objective:

- To create awareness on software engineering.
- To improve the student analytical thinking on technology.

### Rules of Activity:

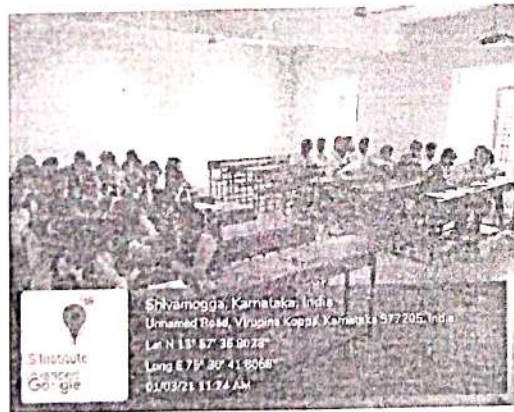

- Compulsory participation for every student.

### About on Software Engineering:

Software is a program or set of programs containing instructions which provide desired functionality . And Engineering is the processes of designing and building something that serves a particular purpose and find a cost effective solution to problems.

### Outcome:

Students embrace problem solving and learning as a natural aspect of their work. Graduates value and are valued by their professional teammates. Students have broad and deep knowledge of the technical issues that they face.

### Class Activity Report

**Date of Activity** : 23-2-2021

**Class** : III Semester B.Com

**Name of the Activity:** A debate on the 'Relevance of Family as a Social Institution in 21<sup>st</sup> Century'

**Faculty Name** : Aditya J

#### **Objectives:**

- To brainstorm students on an interdisciplinary subject, yet relating to the domain of commerce.
- To familiarize them with contemporary issues of gender, sex, man-woman relationships, marital life, family economy, polity and its influence on society.
- To make them speak their mind without any inhibition.
- To encourage them to share their personal ideologies.
- To help them to gain a holistic view of society and apply the knowledge gained.

#### **Rules of Activity:**

- Compulsory Participation.
- Each student has to participate either as a direct party debating on the subject or as an indirect party asking questions to the debating parties or sharing feedback on the debate.
- Participants need to mind their language and maintain the decorum. Use of un-parliamentary language or any other untoward behavior leads to disqualification.

#### **Outcome:**

Students were excited by the subject and nature of the activity which was entirely different from their core subject activities. Though hesitant in the initial part, they were very soon to lose their inhibitions and reservations, eventually enjoying the debate. Despite being a minor class activity, the session certainly had its effect on their thoughts which was visible in their interactions in the subsequent classes.

### Class Activity Report

Date of Activity : 23-2-2021

Class : III Semester BBA

Name of the Activity: A debate on 'Public Sector Vs Private Sector'

Faculty Name : Aditya J

#### Objectives:

- To brainstorm students on interdisciplinary subjects, yet relating to the domain of commerce.
- To familiarize them with contemporary issues of neoliberal economics, crony capitalism, corporatism and its overarching effects on society.
- To make them speak their mind without any inhibition.
- To encourage them to share their personal ideologies.
- To help them to gain a holistic view of society and apply the knowledge gained.

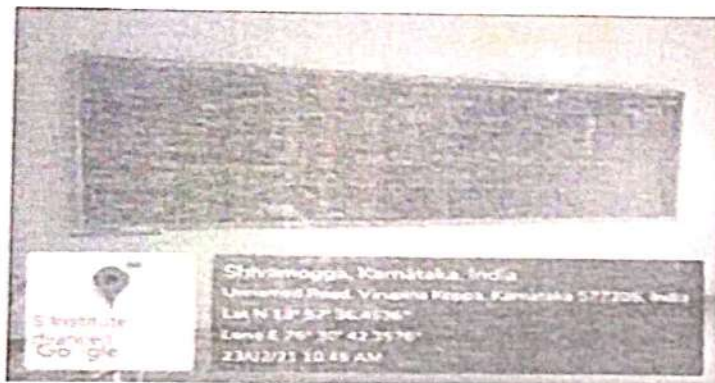

#### Rules of Activity:

- Compulsory Participation.
- Each student has to participate either as a direct party debating on the subject or as an indirect party asking questions to the debating parties or sharing feedback on the debate.
- Participants need to mind their language and maintain the decorum. Use of un-parliamentary language or any other untoward behavior leads to disqualification.

#### Outcome:

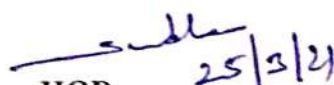

Students were excited by the subject and nature of the activity which was entirely different from their core subject activities. Though hesitant in the initial part, they were very soon to lose their inhibitions and reservations, eventually enjoying the debate. Despite being a minor class activity, the session certainly had its effect on their thoughts which was visible in their interactions in the subsequent classes.

## Social Media GUI based Screen Design

**Date of Activity: 23/02/2021, Time: 12 to 1pm and 2 to 3 pm**

**Class: V Semester BCA B-Sec**

**Faculty Name: Ms. Roopa D. S.**

### Objective:

- To improve the Soft Skills and Screen Designing and Implementation skills
- Understanding the Social media GUI screens identifying the Components'
- Identifying the problems in the existing system
- How to improve the existing social media screens
- Team participation and Coordination.

### Outcome:

- A platform was created for the students to expose the thinking ability during Understanding the social media GUI screens and also to identify the problems in the existing system from different perspective
- Basic knowledge of Project development phase – Problem analyzing phase
- Creative and innovative solutions to the problems identified by the students
- Presentation and Communication skills were improved.

## Transportation System GUI Screen Design

**Date of Activity: 23/02/2021, Time:10.00 to 11.00 am**

**Class: V Semester BCA A-Sec**

**Faculty Name: Mrs. Roopa D. S.**

### Objective:

- To improve the Soft Skills
- Understanding the problem and Identifying the problem from – Student, Driver and Administrator perspective
- Suggesting the solution for the problems
- To improve Basic Knowledge on designing the GUI screens
- Participation of all the students

### Outcome:

- A platform was created for a student to expose the thinking ability in Identification of the problem in system from different perspective
- Basic knowledge of Project development phase – Problem analyzing phase
- Creative and innovative solutions to the problems identified
- Presentation and Communication skills were improved.

## Activity based learning on Internet of Things (IoT)

Class: III Semester B.Sc.

Date of Activity: 22/02/2021

Lecturer Name: Mr. Prashanth Kumar R

### Objective:

- Understand the definition and significance of the Internet of Things.
- Discuss the architecture, operation, and business benefits of an IoT solution.
- Examine the potential business opportunities that IoT can uncover.
- Explore the relationship between IoT, cloud computing, and big data.

### Rules of Activity:

- Compulsory participation for every student.

### Outcome:

This Activity encourages students explored to the interconnection and integration of the physical world and the cyber space. They are also able to design & develop IoT Devices and able to understand building blocks of Internet of Things and characteristics.

The students actively involved themselves in the activity and they have learnt about how to design some IoT based prototypes.

## Operating System Installation by Activity based learning

Class: V Semester BCA 'A' Section

Date of Activity: 22/02/2021

Lecturer Name: Mr. Prashanth Kumar R

### Objective:

- Distinguish between **Operating Systems** software and **Application Systems** software.
- Describe commonly used **Operating Systems**.
- Identify the primary functions of an **Operating System**.
- Describe the "boot" process.
- Identifying Desktop and Windows features.
- Use Utility programs.

### Rules of Activity:

- Compulsory participation for every student.

### Outcome:

This Activity encourages students to learn about operating systems that are used today and understand how they work with the computer hardware and also learn about "boot process" of an Operating System from scratch.

The students actively involved themselves in the activity and they have learnt the importance of Operating System and boot process of an Operating System.

## Seminar on real world applications of differential calculus

Class: I Semester BSc

Date of Activity: 22/02/2021

Lecturer Name: Mr. Rajshekhar Hammigi

Objective:

- To create awareness about real world application of differential calculus.
- To make students to look forward for application oriented learning of topics in syllabus.

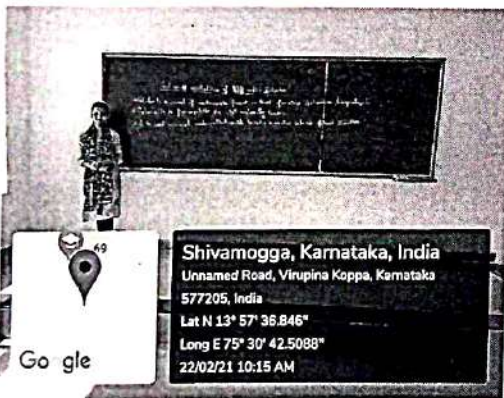

Rules of Activity:

- Compulsory participation for every student.

Outcome:

This seminar encourages students to learn the purpose of studying calculus and simply to introduce their mind to the scientific method of analysis.

The students actively participated themselves in the seminar and they have learnt the importance of differential calculus.

## Class Activity

on

## Network Construction Simulation for Data Transmission

Date of Activity: 22/02/2021

Class: I Semester BCA 'A' Sec

Faculty Name: Mr. Mithun D'Souza

### Objective:

- To know the importance of Computer networks in establishing communication for data transmission.
- To identify the various network components used in network construction to transfer data over network.
- To understand the various network protocols to establish communication over connected network.
- To motivate students to participate in such events to develop good presentation skills and overcome the issues in stage performance.

### Rule of this Activity:

1. Forming a group and collecting valuable information about the given topic.
2. Each group should not exceed the number 6 members.
3. Each group is provided with 20 minutes of time.
4. Given topic should consist of introduction, Network model, Data transmission technique to transfer information.
5. Powerpoint presentation should be given with appropriate images and videos.

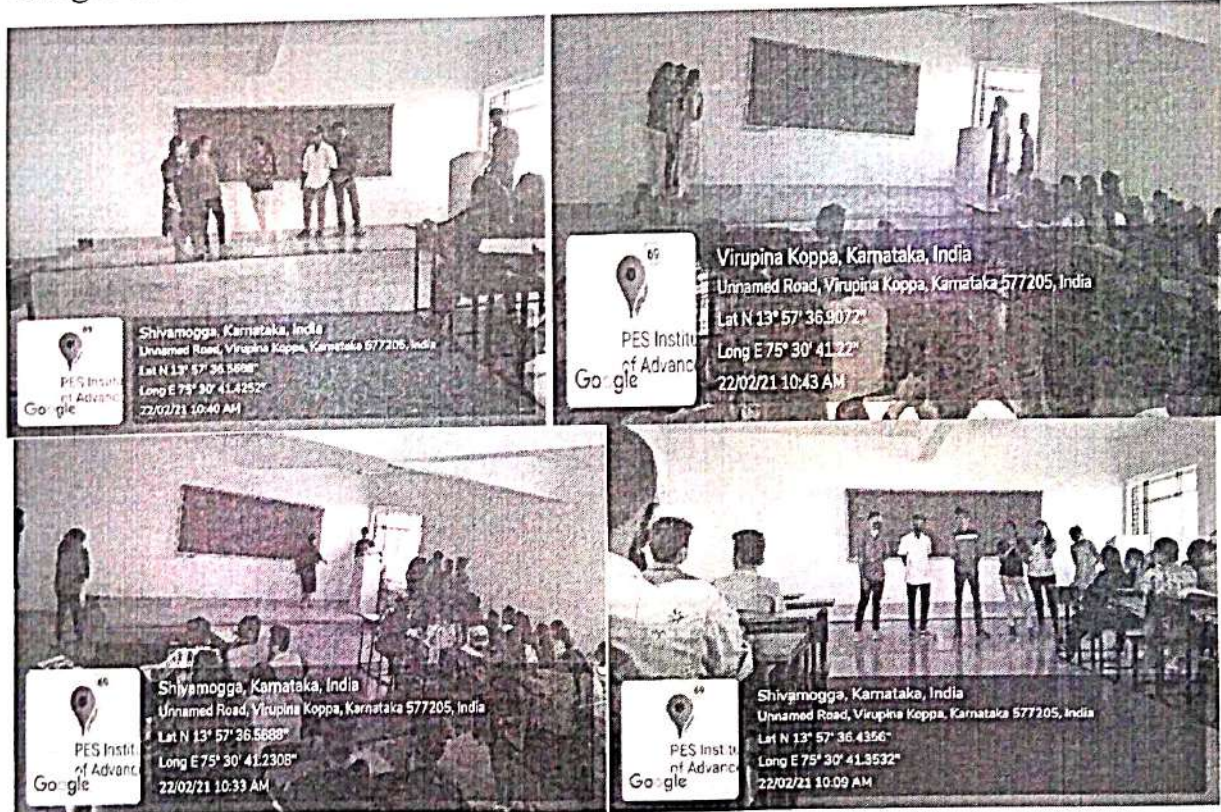

**Total number of Students participated: 66**

## Outcome:

Two teams of six students each actively involved themselves in this activity and showed their interest in the subject. It has motivated their minds towards the subject and helped them to put a view on the computer network concepts to establish a communicational network. In this activity, they constructed a network model to transfer data in established network with various network components and devices. Students used various protocols in their model to transfer the data over a simulated network and given presentation on the same.

## Product Launch and Advertisement

**Date of Activity:** 20/02/2021

**Class:** I Semester B.Com 'A' Section

**Lecturer Name:** Ms. Swathi J

### Objective:

- To unveil the hidden business talents among the students.
- To enable the students to understand the present marketing strategy.
- To generate effective critical thinking into primary issues on given topic.
- To reduce stage fear.
- To build confidence level.
- To give a platform for improving language.
- To show-case the talents of our young minds to come up with an impactful message.
- To improve their presentation skill.

### Rules of Activity:

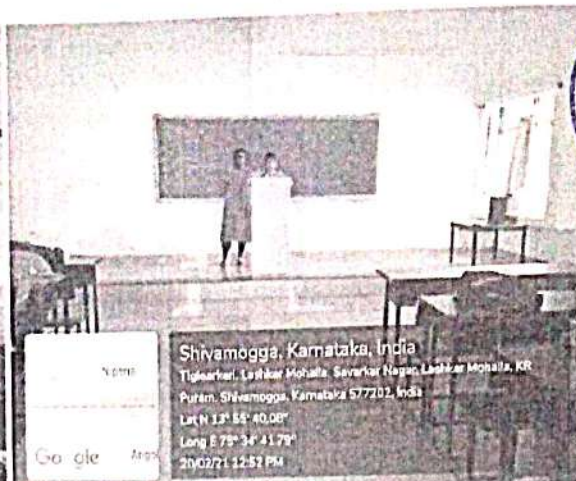

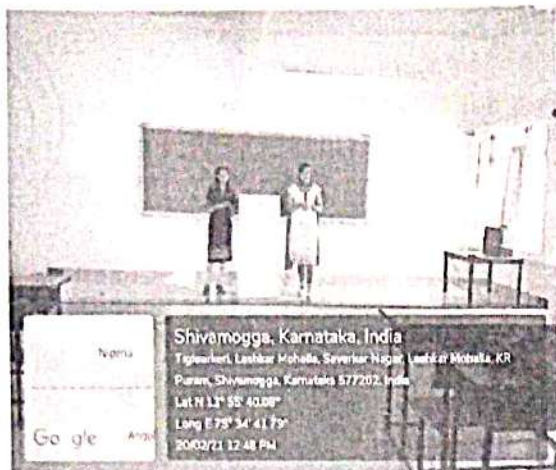

- Compulsory participation.
- Each group is provided with 20 minutes for Preparation and 10 Minutes for presentation.
- Group members should launch the product with new idea and should give advertisement.

### Outcome:

The activity was embraced with open arms by all students. The students made advertisement on launched product. The students enjoyed and at the same time they learnt to think in an unique way to introduce the new things in the market.

## Case Study

on

## Biodiversity and Environmental Pollution

Date of Activity: 19/02/2021

Class: III Semester BCA

Faculty Name: Mr. Mithun D'Souza

### Objective:

- To assess the vegetation types, identify the flora and fauna, rare and endangered species
- To evaluate the impact of various Anthropogenic activities which is harmful to biodiversity and creating pollution
- To know the importance of flora and fauna in the sustainable development of environment.
- To identify the comprehensive conservation plans for the endangered / endemic / economically important biotic species.
- To understand the factors which contaminates natural resources and affects environment
- To motivate students to participate in such events to develop good presentation skills and overcome the issues in stage performance.

### Rule of this Activity:

1. Forming a group and collecting valuable information about the given topic.
2. Each group should not exceed the number 6 members.
3. Each group is provided with 20 minutes of time.
4. Given topic should consist of introduction, issues raising problems, conservation methods to follow for sustainability.
5. Powerpoint presentation should be given with appropriate images and videos.

**Total number of Students participated: 110**

### Outcome:

Two teams of six students each actively involved themselves in this activity and showed their interest in the subject. It has motivated their minds towards the subject and helped them to put a view on the biodiversity and its conservation and also on environmental pollution and controlling techniques. In the first topic, the value of biodiversity has been highlighted by showing the various species available in the ecosystem, the activities causing the extinction of rare, endemic and endangered species in the ecosystem and how they can be conserved using In-situ and Ex-situ Conservation techniques. In the second topic, information has been given on environmental pollution and its sources to cause the same. They have highlighted the various aspects of environmental pollution through air, water, soil, marine, sound, thermal and nuclear pollution. The study was made on various issues causing environmental pollution and what are the measures can be taken to prevent environmental pollution.

## Software Documentation

Date of Activity: 16/02/2021

Class: BCA 5<sup>th</sup> Sem "A" section.

Lecturer Name: Mr. Chandan S R

### Objective:

- To create awareness on Software Documentation.
- To improve the student analytical thinking technology.

### Contributor:

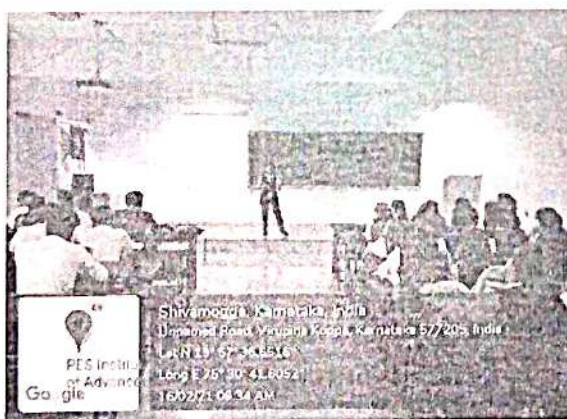

- PRIYANKA S M
- SHARAN B MAVINKERE

### About on Software Documentation:

Software Documentation is a process used by the software industry to design, develop and test high quality softwares. The SDLC aims to produce a high-quality software that meets or exceeds customer expectations, reaches completion within times and cost estimates.

### Outcome:

Software Document is the application of standard business practices to building software applications. It's typically divided into six to eight steps: Planning, Requirements, Design, Build, Document, Test, Deploy, Maintain.

## **Skit on Case Study**

**Date of Activity:** 15/02/2021

**Class** : III Semester BBA

**Faculty Name** : Mrs. Ayesha Siddiqua

### **Objective:**

- To illustrate the cases of Business Regulations for better understanding of the same.
- To make the students aware about the various cases relating to contracts.
- To help the students in bettering their presentation skills.
- To improve team spirit among the students.

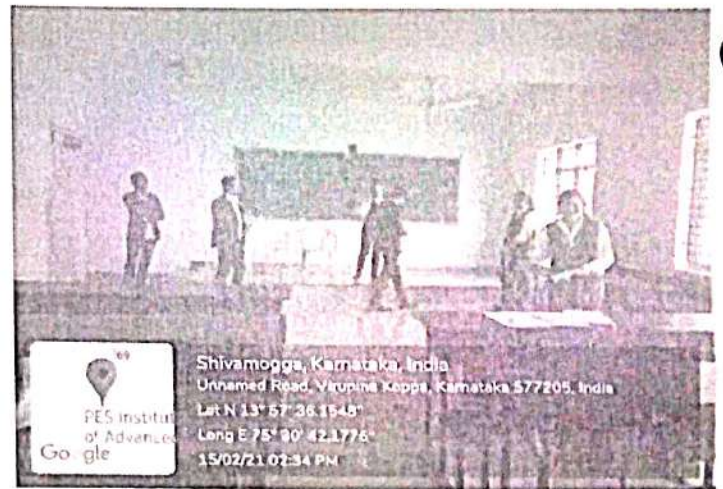

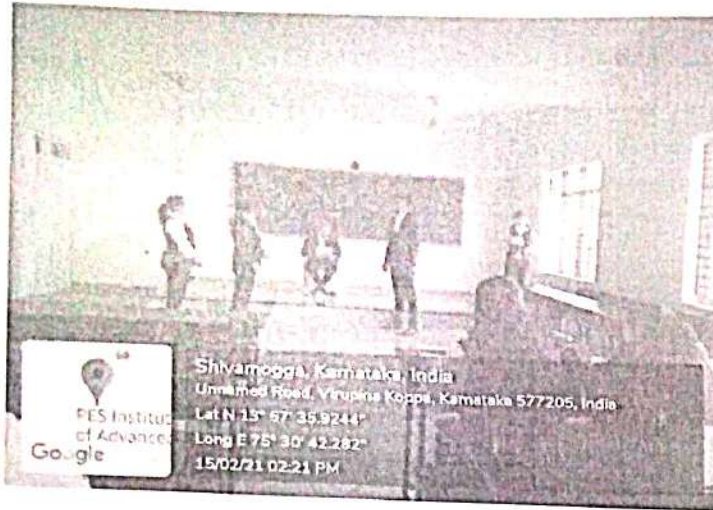

### **Rules of Activity:**

1. Compulsory participation.
2. Case study should be presented in skit form only.
3. Each group consists of 6 students.
4. The students were instructed to get prepared for the presentation in the previous class.

### **Outcome:**

The activity was appreciated by all students. The cases enacted were- Carlil v/s Carbolic smoke Ball Company, Lalman shukla v/s gowridutt, Abdul Aziz v/s Masum Ali, Rangnayakamma v/s Alwar Shetty and Mohiri Bibi v/s Dharmodas ghosh. The activity made the students to learn about the various cases regarding contracts and understanding the concepts in a much better way. The students presented their case study in skit form. The students learned and enjoyed through their active participation.

## Presentation on E- Commerce Application

**Date of Activity:** 15/02/2021 and 19/02/2021

**Class** : III Semester M.Com

**Faculty Name** : Mrs. Ayesha Siddiqua

### Objective:

- To improve the analytical skills of the students.
- To make the students aware about the pros and cons of various online applications.
- To help the students in bettering their presentation skills.

### Rules of Activity:

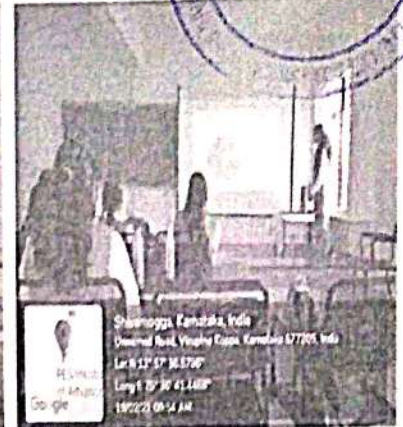

1. Compulsory participation.
2. Power point presentation is must and should.
3. Each student is provided with 15 minutes of time.
4. The students were instructed to get prepared for the presentation in the previous class.

### Outcome:

The activity was cheered by all students. The students learned and enjoyed through their active participation. The students presented their survey in a dedicated manner . The activity made the students to learn about creating questionnaires through google forms, collecting the information from the respondents and analysing the over all survey about a particular online application of their choice.

## Seminar on real world applications of eigen values and eigen vectors

Class: I Semester BSc

Date of Activity: 15/02/2021

Lecturer Name: Mr. Rajshekhar Hammigi

Objective:

- To create awareness about real world application of eigen values and eigen vectors.
- To make students to look forward for application oriented learning of topics in syllabus.

Rules of Activity:

- Compulsory participation for every student.

Outcome:

This seminar encourages students to learn about real world application of eigen value and vectors that are used communication systems, designing bridges, designing car stereo system.

The students actively participated themselves in the seminar and they have learnt the importance of eigen values and eigen vectors.

## Case Study on Water Conflict

**Date of Activity:** 11/02/2021

**Class:** III Semester BCA

**Faculty Name:** Mr. Mithun D'Souza

### Objective:

- To understand where the potential water conflicts could occur globally.
- To create an awareness about the conflicts in regional and global level for the natural resources.
- To identify the necessary preconditions for sustainable conflict resolution and dispute settlement at all levels of resource management.
- To reduces the stage fear in students and motivate them in giving good presentation.

### Rule of this Activity:

1. Forming a group and collecting valuable information about the given topic.
2. Each group should not exceed the number 6 members.
3. Each group is provided with 20 minutes of time.
4. Given topic should consist of introduction, issues raising problems, regions or countries involved and best possible solution to the conflict.

### Outcome:

Two teams of six students each actively involved themselves in this activity and showed their interest in the subject. It has motivated their minds towards the subject and helped them to put a view on the global issues. In the first topic, they given a valuable information related to south china sea conflicts involving various countries like China, Japan, Philippines, Vietnam, Taiwan, Australia and many more for the boundary related conflicts to acquire the regions of rich heritage of natural resources. In the second topic, information has been given on

Cauvery issue which creates a conflict between two states in sharing water resources for agricultural, industrial and domestic purposes. Students who involved in case study, focused on the issues raising conflicts between individuals in regional as well as global level and mentioned their point of view in resolving these issues through proper management of resources using different conservation techniques and conflict resolution by respecting each country sovereignty.

Total number of Students participated: **112**

## Class room Activity

A classroom activity named **Chintana- Yashogathe- Moulya** was conducted by Dr. N. Praveen Chandra for the Students of 1<sup>st</sup> semester Bcom- B section on 30-01-2021 to inculcate moral values in students.

### Objectives:

- \*To inculcate moral values in students.
- \*To educate them about the struggles and challenging path of the achievers.
- \*To make them aware of the hidden talents and immense potential in every individual.
- \*To motivate them through success stories to take effort to achieve great heights in life.

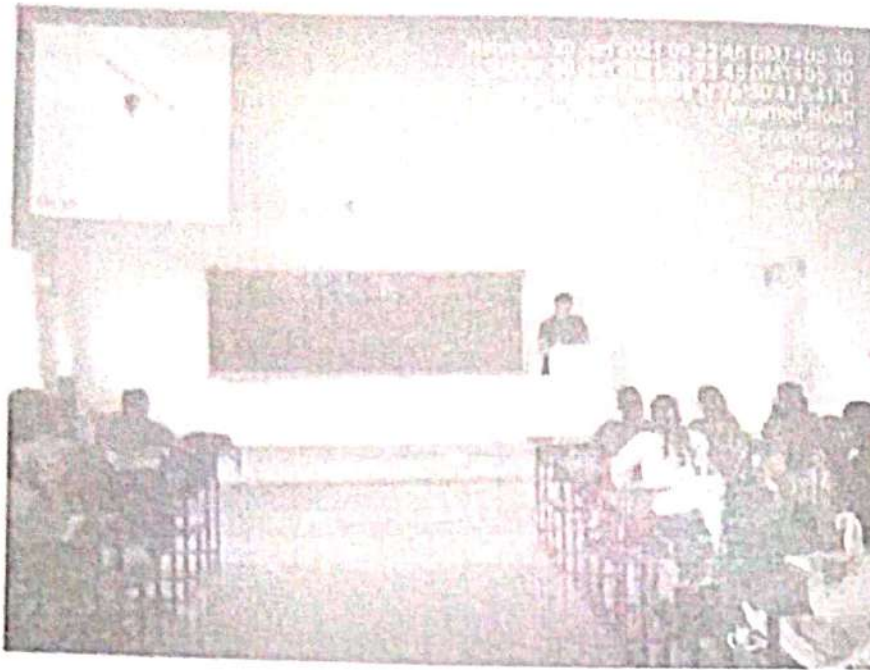

### Rules and regulations:

- \*Compulsory participation.
- \* Two students from each class to be given opportunity to read success stories.
- \* By reading success stories participants learn to speak to the gathering without fear.

### Outcomes:

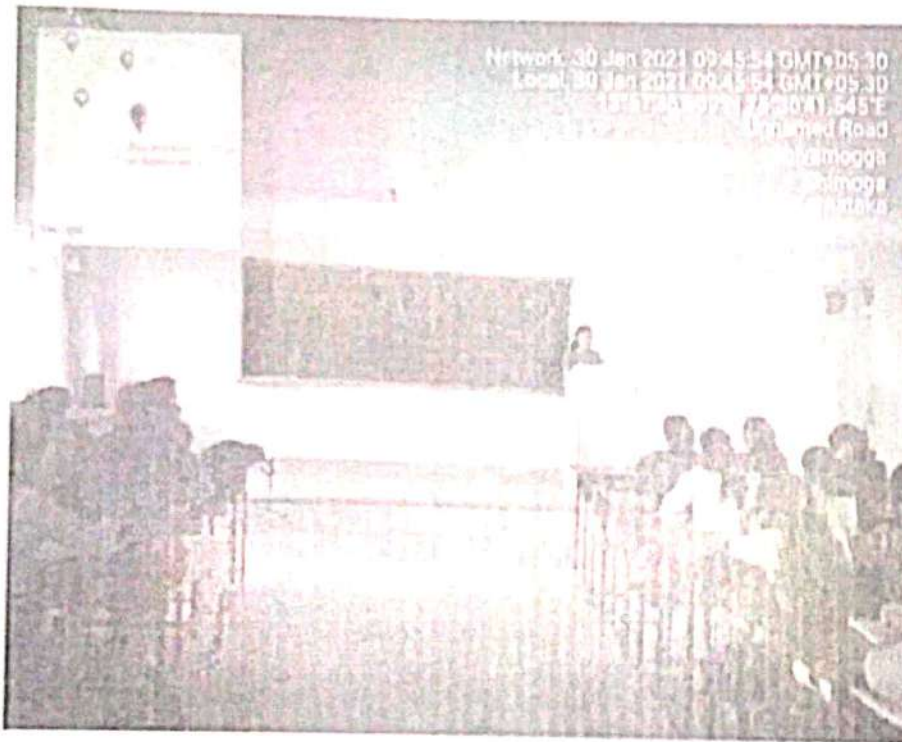

- \*Actively participating in the activity, students listened to the success stories and had discussion on them.
- \*The activity was helpful to inculcate in students the values of humanity, courage, compassion and an attitude of service.
