About the Industrial Visit:

The Department of BCA, PESIAMS organized a one day Industrial visit to DXC Technology (Xchanging), Nidige on 08, September, 2018 for final year students. It was our pleasure to visit such a company so we approached Mrs. Rashmi Suryanarayana for a company visit and she happily agreed to that and also confirmed the visit on 08-09-2018 at 11:30AM.

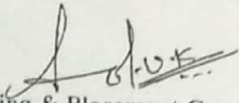

Mr. Anmol U.K (Asst. Prof.) and Ms. Tejaswini (Lecturer) Faculty of BCA department accompanied the students during the visit to the company.

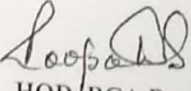

The details of Journey are as follows:-

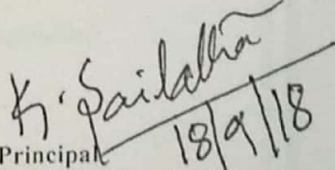

1. We started traveling from PESIAMS, Shimoga to DXC Technologies, Nidige at 10:45 AM on 08th September, 2018.
2. We reached at DXC Technologies, Nidige at 11:30 AM.
3. After formalities, session started at 11:45 AM up to 12: 45 PM.
4. After visiting the company, we started our journey towards PESIAMS, Shimoga and reached at around 01:30 PM.

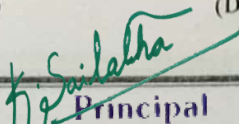

Summary of Experience

As per the schedule the session was handled by Mr. Chethan K (Operations department). He took a session on how they are serving more than 6000 clients worldwide, how they are innovating them selves from past 60+ years, and how they are handling 91 datacenters worldwide. He also mentioned that their presence is in more than 70 countries worldwide; finally he took a session on how they are providing cloud services to their clients. DXC's end to end services for hybrid IT begin with planning and migration – knowing what to move and how to move it. Next they transform client's applications so they're optimized for the cloud, and then they provide ongoing services to help client manage the new environment – to make sure client is secure and paying only for what they need. DXC plan, move and manage client's IT workloads – quickly and efficiently – with their end-to-end services. Lastly they had a questionnaire session too. It was a good experience, which has provided exposure to the final year students with industrial life. The students are benefited in terms of the technical details provided by the company on an important part of Recruitment Policy by Company and Various Career Opportunities in industries as well.
