Payroll Management System to BCA Students – AY- 2018-19

A well-conducted Certificate program is a major influence on a success in the process to build the thinking of students and play an important role in Career development of the students. As the latest scenario, conventional education itself is not sufficient for employment, hence the Institution supports for **challenging and enjoyable study environment**, to realize the student potential and aims to recognize as an individual to fulfill the aspirations of students. Hence, this certificate course is offered with the following objectives:

**Objectives:**

1. To make the students understand the possibilities and limitations of Software Development, and to define software problems
2. To make the students understand the main ideas behind the most important phases of SDLC
3. To make the students realize the possibilities and limitations of Payroll Management system and know how to customize individual Payroll Management systems and how to manage problems
4. To provide knowledge on the importance of testing and testing procedure
5. To teach the students the Installation Process
6. To discuss and impart knowledge to the students on **Payroll Maintenance** and how it is done at company level.
