**Startups and Make in India – Opportunities**

The critical ingredient is getting off your seat and accomplishing something. It's as straightforward as that. Many people have ideas, but there are few who decide to do something about them now. Not tomorrow. Not next week. But it is today. A motivational session for the youths to encourage them with a theme of Make in India called "Startups and Make in India – Opportunities" has been organized by PES Institute of Advanced Management Studies, Shivamogga on 05-12-2018. The enlivening session is inaugurated by the resource person Mr. Mallikarjunappa Angadi, Vishnu Techsoft Pvt. Ltd., Bangalore and Dr. K Sailatha, Principal, PESIAMS and HODs were present during the occasion.

He started with a basic information and importance of startups of new business ideas and continued with his views and opportunities available through Make in India initiatives. He said Start-up India is a much-needed initiative that was initiated by our prime minister, Sri. Narendra Modi in 2015 for show cast the talented people of India. He provided various opportunities available for youths to fulfill their dreams and ambitions by executing their ideas through opportunities available in Make in India.

He suggested students to utilize their skills and made them realize how energetic and capable of creating action plans to touch newer heights and keeping themselves by channelizing them in a right path to become an industrialist or entrepreneur.
