The Chairperson brought to the notice of the members that conducting remedial classes was in practice and based on her understanding the process of conducting remedial classes should be changed to help the slow learners and to enhance their academic performance. Further, she informed conducting remedial classes should be initiated for both irregular students and for low performers from time to time.

Smt. Arunadevi S. Y, Honorable President suggested, the remedial class option should be kept open for interested students though they do not fall under the category of either irregular or low performers. Further, she informed the committee this will facilitate to achieve more ranks.

Dr. R. Nagaraja, Senior Administrative Officer, advised to take care of proper documentation of all the activities.
