## GREEN POLICY OF THE INSTITUTION

PES Institute of Advanced Management Studies, Shivamogga is committed to protect its environment with its green campus initiatives. Conservation of natural resources and maintaining the eco-system of the campus is the primary aim of Green Policy of PESIAMS. The policy also includes monitoring, inspecting and directing human activities which protects / promotes campus environment. Since college is away from city hustle and bustle, the campus is pollution free and highly congenial for studies.

### Key aims of Green Policy:

- To sensitize students about importance of protecting our environment.
- To ensure there is absolutely no consumption of tobacco, pan-masala and /or chewing in the campus as per government rules and regulations.
- To install solar lamps in the campus for necessary lighting.
- To bring awareness amongst students and staff regarding usage of water and ensure there is no unnecessary wastage of water.
- To regulate and minimize running of vehicles in the campus.
- To promote usage of digital technology and minimize the usage of paper.
- To effectively manage liquid and digital waste produced in the college.
- To protect the flora and fauna on the campus.
- To ensure the campus is lush green.
