

**Minutes of meeting held on 28/12/2024 at 3:30PM**

**Dr. Yuvaraju B N**, Principal and IQAC chairman, PESITM started the meeting by greeting all staff of PESITM.

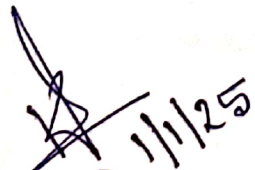

The following are the minutes of meeting:

- ❖ **As Institution is planning to go for Autonomous status, Principal discussed about what is autonomy and benefits of autonomy through PPT:**
- All staff members were requested to understand the autonomy through resources available on net and can report in case of any ambiguity. If we going for autonomy there will be liberty to modify the curriculum by up to 20%. It requires two key principles: Integrity and Credibility.
- Integrity involves fairly designing lesson plans and question papers. Additionally, there will be question papers provided by external sources. Faculty members have the freedom to select textbooks, while exams will be managed by the examination section
- Credibility refers to maintaining accurate data and also principal requested to share various Management Information System (MIS) softwares which ensures proper documentation.
- In comparison to VTU, opting for autonomy provides the benefits of gap analysis, industry interaction, and an industry-oriented curriculum. An external audit will be conducted by VTU and UGC to compare the results between VTU and the autonomous system.
- In the autonomous system, a three-day period will be provided after the Internal Assessment (IA) to enter marks, analyze slow and fast learners, and prepare an action-taken report.
- The Board of Studies will oversee syllabus development, incorporating new technologies. It also includes provisions for a summer semester and supplementary exams. Autonomy also attracts high-quality students

❖ To avail the vacation, all were instructed to complete the assigned work and principal highlighted the following points as well.

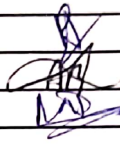

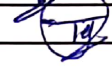

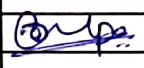

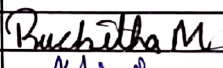

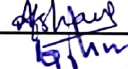

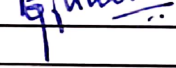

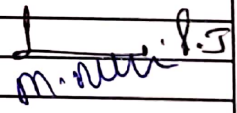

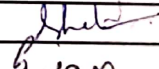

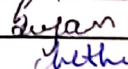

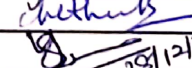

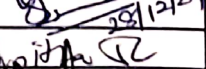

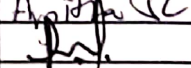

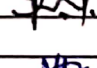

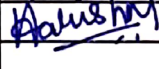

- In the laboratory, the presence of two faculty members, along with a technician, is mandatory for entire slot.
- An action plan should be prepared for students who score in single digits after each Internal Assessment (IA).
- If required, students should be referred for counseling to Ms. Tanuja, Councillor, PESITM.
- All were instructed to adhere to the allotted exam duties and to make alterations only in unavoidable cases.
- The centralized IA went smoothly without any issues.
- All departments were advised to be prepared for the audit, scheduled from 1/1/2025 to 10/1/2025.
- The HoDs were instructed to note the contributions of faculty at both the department and institute levels.
- Books can be availed at the start of the semester and must be returned to the library at the end.
- All were informed to undergo training through NPTEL and other FDPs.
- AQAR is ready and must be submitted by 31/12/2024.
- It was noticed by the principal that few faculty members had not updated attendance after several reminders. All were instructed to update attendance and IA marks on a regular basis.

  
Minutes Prepared by
