4TH SEMESTER STUDENTS

Interactive Session from Industry Experts

Organized the interactive talk for our 3rd semester students focused on bridging the gap between academia and industry expectations on 31st August, 2024. We were honored to have Mr. Deepak and Mr. Ajay Shetty, both IT professionals, share their valuable insights and experiences.

Their session emphasized the importance of practical skills, adaptability, and continuous learning in today's fast-evolving industry landscape. Our students left the session with a deeper understanding of what it takes to succeed beyond the classroom.

A big thank you to Mr. Deepak and Mr. Ajay Shetty for their time and to everyone who made this event possible.
