MAHITHI

The Department of Information Science and Engineering came into existence in 2007. It is headed by Dr. PrasannaKumar H R support- ed by a highly qualified and dedicated staff. The department aims at cultivating the thirst for knowledge, and the vision to look beyond the evident in students. The students are well versed with the exhaustive and thoroughly chosen curriculum, guided as they are by an experienced faculty. Realising well in time that the information technology wave has become a phenomenon in itself over the past few years, the institute established a separate department to cater the ever-growing demand for professionals in this challenging field. Be- sides this, Hands-on training sessions in various fields of application of IT have imparted to the student's considerable acumen in the vast sector. The students perform project work as part of their curriculum to enhance their specification skills, leading to the multifaceted development of their engineering concepts.

Department Vision

To create technically competent, ethically strong and skilled IT Professionals.

Department Mission

M1: Enhancing the knowledge through ongoing research and professional development programs by incorporating effective teaching and learning methods.

M2:To prepare students to be successful in their professional career and continuous learners by offering a strong technical foundation with professional and Ethical responsibilities.
